# SCANIA VEHICLE ACCESSORIES

**SCANIA**

# THE PREMIUM CHOICE

The Scania vehicle accessories range is the true premium choice for your Scania, delivering a perfect combination of quality, prestige and long-term value.

Engineered to premium Scania standards, our range is the result of decades of close collaboration with many industry-leading partners. In addition, we ensure that our range is manufactured responsibly and for the maximum performance of both your business and operations.

This makes us one of the most trusted providers of vehicle accessories in today's marketplace.

# STAY TRUE TO YOUR HERITAGE

Back in 1891, we began a journey of innovation. Driven by a commitment to progress and engineering excellence, bringing value to our customers has always been of paramount importance.

From the pioneering innovations of Scania-Vabis, to the legendary power of the King of the Road, we've travelled through truly historical eras of engineering. As we look to the future and newer generations, we pay homage to those who helped build our heritage. To the restless pioneers who continually pushed new engineering benchmarks. To the iconic Scania generations who made us what we are today.

Welcome to the Scania heritage styling collection.

## A journey through iconic Scania eras

The Scania heritage styling collection showcases iconic Scania ages of times past, from Scania-Vabis, to King of the Road and SUPER.

Designed in Sweden by Scania, our styling collection has been meticulously engineered to complement the unique design principles of newer Scania generations. Offering the traditional quality hallmarks of a true Scania, our collection has been crafted to deliver high-quality performance – guaranteed to weather the roads, elements and operations ahead.

The collection, featuring exclusively developed products, revisits iconic Scania trademarks across previous generations. From grille, cab door and handle badges, to welcome lights, hub caps, mud flaps and authentic Scania striping which accentuates the unique design of the Scania cab.

The heritage styling collection showcases the very best of iconic Scania eras. Own a piece of Scania heritage today.

#### Modular styling

From our first modularised engine range of the 1930s, to the premiere of a fully modularised truck range in the 1980s – Scania's modular design features prominently throughout our story. It's who we are.

Our styling collections – from V8 to XT, and Genuine to Heritage – honour the tradition of Scania modular design, and allow you to tailor your Scania so it reflects your own personal taste.

Make your Scania your own with our heritage styling collection.

#### Scania Vabis styling package

For striping, see page 23.

For mudflaps, see page 134.

For hubcaps, see page 30.

# A PERFECT VIEW OF THE CITY

Our latest range of efficient safety systems marks a new era in roadside safety.

Today's urban centres present many evolving challenges to medium- and heavy-duty truck drivers. Pedestrians, cyclists and new agile forms of inner-city mobility make it increasingly difficult to park, load and manoeuvre in the towns and cities where most journeys begin and end.

That's why we're putting roadside safety in focus. Explore the full range of our camera and radar systems on page 98–133.

**Stay in control with efficient safety systems**  
Imagine having a full view of your vehicle's immediate environment from the safety of your cab. Our area-view camera system offers an overall view of every situation through a single 7-inch monitor on your dashboard and four wide-angle HD cameras at the front, rear, and the sides of your vehicle. View the full range on page 96–99.

#### Keep your blind side in check

PreView Side Defender II helps you to stay ahead of potential accidents on your blind side. Today, it's the most advanced side object detection and vulnerable road user (VRU) protection radar available for on-road medium- and heavy-duty trucks.

# CONSISTENT EXPRESSIONS

A global company like Scania needs to have a standard nomenclature, with clear guidelines for our abbreviations, acronyms, Scania-specific naming, and much more. The list below is a short excerpt that will help you make the best use of this catalogue.

## **PGR-series**

P-, G- and R-cab series from 2003 onwards.

## **NTG**

The new generation Scania. L-, P-, G-, R- and S-cab series from 2016 onwards.

## **RHD**

Right-hand drive.

## **LHD**

Left-hand drive.

## **Right side**

Right side of the vehicle (driving direction).

## **Left side**

Left side of the vehicle (driving direction).

## **FPC code**

Functional Product Characteristic, factory option code for production assembly, used by sales staff for vehicle specification.

Accessory fitting both PGR-series and NTG-series.

Accessory fitting the Scania PGR-series.

Accessory fitting the Scania NTG-series.

Accessory fitting Scania buses and coaches.

Accessory with different versions, fitting PGR-series, NTG-series and/or Scania buses and coaches respectively.

Accessory fitting the Scania 4-series.

## **No icon**

Generic accessory, not vehicle-specific.

STYLING

# REFINE YOUR PERSONAL STYLE

Your vehicle is more than your work tool. It is your faithful partner, your home on the road. You pay close attention to detail and are adamant about keeping the look, comfort, and performance perfectly in tune with your taste and ambitions. Make sure your vehicle reflects your personality, because the two of you make a strong team.

#### COURTESY LIGHTS

# YOU ARE ALWAYS WELCOME

Be sure to make an entrance by equipping your truck with a welcoming light. When the door is opened, a lamp illuminates the ground facilitating safe entry and exit from your truck. Choose from projection design Scania wordmark, V8, Scania griffin, XT, Super, or Scania-Vabis. This range also includes an eye-catching Scania symbol interior lamp, clearly visible even from a distance.

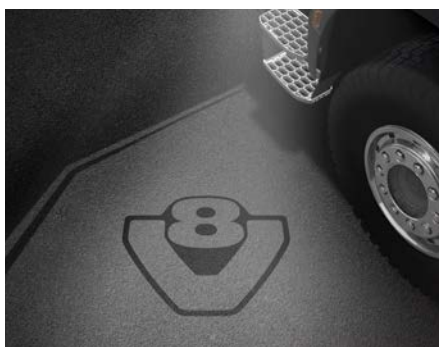

## SCANIA WELCOME LIGHT KIT

The Welcome light kit includes a lamp assembly for both left-hand and right-hand drive, replacing the original foot step well lamps. Easy to mount with just a screwdriver, thanks to “plug and play” connection to the original cable harness. Note: Fits only trucks ordered with originally fitted foot step well lamps.

Left-hand and right-hand parts for each projection design can also be ordered separately. See [accessories.scania.com](https://accessories.scania.com) for details.

**Scania wordmark projection**  
Part no. 2819978. Factory mount FPC **08237 C**

**V8 projection**

Part no. 2819997. Factory mount FPC **08237 A**

**Scania SUPER projection**  
Part no. 2820000. Factory mount FPC **08237 E**

**Scania Vabis projection**  
Part no. 2820003. Factory mount FPC **08237 F**

### Scania symbol interior lamp

Eye-catching LED lamp for mounting on the cab wall. Height 360 mm, width 380 mm, thickness 50 mm, weight 0.5 kg, 24 V, 1 W. Connecting cable: 2x0.5 mm or greater.

Part no. 2055995

## EXTERIOR STYLING

# TAILOR YOUR IMAGE

From the smallest badge to the powerful griffin striping, our range of styling accessories includes everything you need to augment and personalize your vehicle. Whether you want to express the engine power or go for a more vintage look, you will find the right products here. The range also includes a wide variety of air horns, bringing both volume and personality to your truck.

For left and right side, sold in pairs. Part no. 2292055

#### V8 – Front wheel

Stylish V8 badge in high-gloss polished stainless steel placed behind the front wheel.

For left and right side, sold in pairs. Part no. 1919864

## STRIPING

The Scania styling stripe range is designed by Scania engineers to blend with the natural form of your Scania cab. It is thoroughly tested to resist the impact of weather conditions, UV lighting and high-pressure cleaning, ensuring colour and luster over time.

### Scania V8 striping, Silver Reflective

Customize the appearance of your V8 vehicle with this unique décor. Suitable for CR20, CS20 and CR17 cabs. Choose between an assembly décor kit, which comes with stripes to add additional emphasis on the vehicle's design, or showcase simply the V8 symbol, which is available in both large and small format.

*Complete kit for CR20, CS20 cab V8 striping. Part no. 2813322*

*Complete kit for CR17 cab V8 striping. Part no. 2813323*

*Large V8 Symbol. Part no. 2713162*

*Small V8 Symbol. Part no. 2713187*

#### Scania Vabis striping, Gold

Add a touch of heritage to your NTG with the classic Scania Vabis symbol. The gold symbol is available in both large and small formats, or you can opt for the assembly décor kit which also includes stripes for emphasis. Suitable for CR20, CS20, CR17, CG20, CP20, CG17, CP17 and CG14, CP14 cabs. Factory mount **FPC 7193E**.

*Complete kit for CR20, CS20 cab. Part no. 2813324*

*Complete kit for CR17 cab. Part no. 2813345*

*Complete kit for CG20, CP20 cab. Part no. 2813346*

*Complete kit for CG17, CP17 cab. Part no. 2813347*

*Complete kit for CG14, CP14 cab. Part no. 2813348*

*Large Scania Vabis symbol. Part no. 2713164*

*Small Scania Vabis symbol. Part no. 2713186*

#### Scania V8 striping, Mat black

Add some character to your cab with this distinctive design. Suitable for CR20, CS20 and CR17 cabs. With our assembly décor kit, extra stripes that accentuate the vehicle's design are included. You can also choose the standalone V8 symbol, which is available in both large and small formats. Factory mount **FPC 7193D**.

*Complete kit for CR20, CS20 cab V8 striping. Part no. 2813320*

*Complete kit for CR17 cab V8 striping. Part no. 2813321*

*Large V8 symbol. Part no. 2713161*

*Small V8 symbol. Part no. 2713185*

**XT striping, orange**

Decorate your cab with this smart orange XT striping. Supplied in pairs.  
The sticker suits the cab types G/R/S 20L/N/H, 17L/N.

COMFORT

# GEAR UP FOR COMFORTABLE RIDES

Your work environment should be as enjoyable during long work hours as on overnight stops. And a relaxed driving environment is as essential to your well-being as a comfortable bed and fresh cab climate. Here you will find the accessories that ensure true driving satisfaction, from seat covers and mattresses, to parking coolers and kitchen equipment.

## SEAT COVERS

# KEEPING THE GOOD LOOKS

Our range of seat covers has been developed to enhance comfort and looks, while protecting the original interior. The seat covers are flame-proof, dirt-repellent, and designed for perfect fit. Look through the range, find your favourite, and take the opportunity to adapt your vehicle's interior to your own taste. For ultimate comfort, add the exclusive sheepskin cover.

**Scania sheepskin seat cover**

Increase the feeling of a home environment and sit comfortably in all positions with Scania's sheepskin seat cover, both during long drives and when you are taking a break. Wool is a material known for being comfortable in all temperatures; it warms in chilly temperatures and cools when it is hot. In addition, it is pressure-relieving and has the capacity to absorb moisture without feeling damp.

*Part no. 2531532*

## MATS

# PROTECT YOUR WORK SPACE

Our floor mats, engine tunnel mats, and extended mats are available in a wide variety of designs and materials. From robust rubber to stylish textile with symbols and logos, all present excellent fitting and durability.

## MATTRESSES

# BETTER RESTING, BETTER DRIVING

A restful sleep is one of the key elements for a healthy life. Scania offers a selection of comfortable bedding solutions to ensure you wake alert and ready for the road ahead.

### Beds

Scania mattresses come in three different versions to meet comfort levels of all kinds.  
*Pocket. Part no. 2255736. Bonell. Part no. 2255737. Foam. Part no. 2255738*

### Mattress topper

For extra comfortable sleep, complete your mattress with a specially designed mattress topper.  
*Part no. 2231388*

### Mattress pad

Specially designed comfortable bed mattresses to fit in sleeper cabs.  
*Lower bed, LHD and RHD R-series sleeper cab, thick. Part no. 2258936*

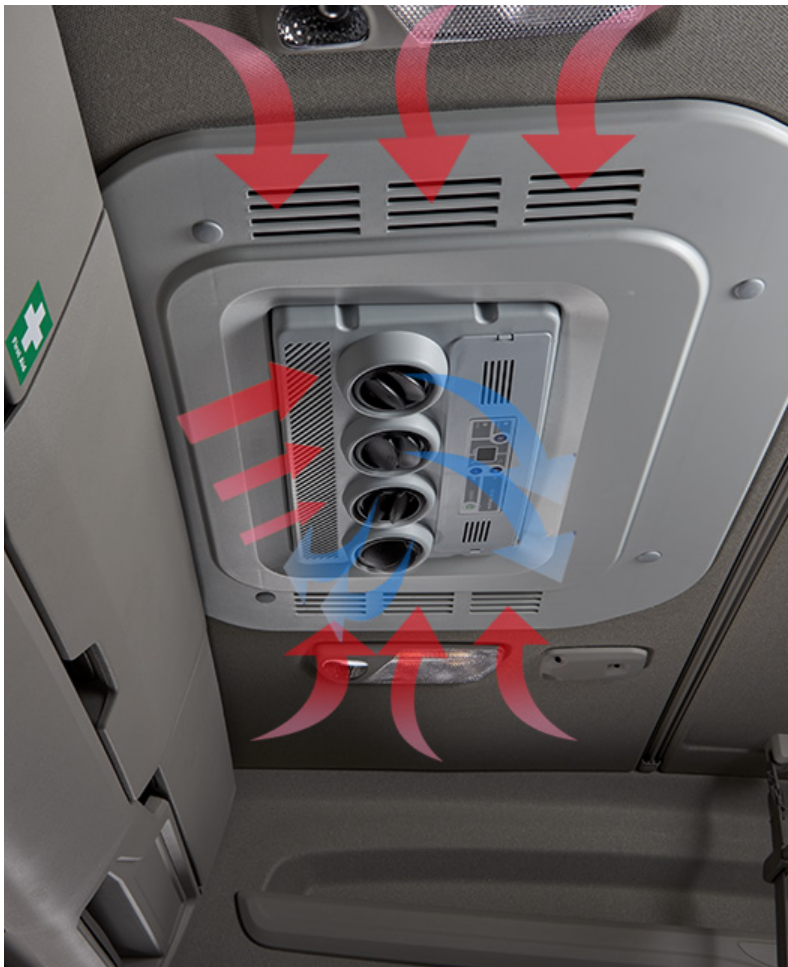

## PARKING COOLERS

# ENJOY COOL PARKING

During hot summers, the cab temperature can raise rapidly due to the large windscreen. Keeping the cab cool requires hours of idling, resulting in increased fuel consumption and emissions. Parking coolers are cost-efficient and are kinder to the environment than idling. Besides maintaining a pleasant temperature during loading and unloading operations, the parking coolers also contribute to more relaxing resting periods for the driver.

## PARKING COOLERS

Covering a wide variety of cab air conditioning systems, our parking coolers include a pre-mounted unit together with cable harness. For NTG models, there is also a special reinforcement kit for the roof air deflector.

Rooftop-mounted parking coolers must have a pre-ordered roof hatch.

When installing rooftop-mounted parking coolers, remember to take the extra height into account to avoid exceeding any height restrictions.

Please download mounting instructions, spare parts list and user manuals at [scania.dirna.com](http://scania.dirna.com).

### Bycool Slim

Ivory-white, rooftop-mounted, stand-alone air conditioning unit. Advanced compressor technology, especially designed for on-road trucks. Lower, more aerodynamic profile compared to Bycool Compact 1.4 and 3.0, therefore a perfect fit for high cabs. Suitable for dual battery systems and pre-charged with refrigerant gas, 134A. Delivered preassembled, including Scania-specific mounting kit. For easier installation, the cable preparation **FPC 5168** is recommended.

For NTG. Part no. 2760059

For PGR. Part no. 2760060

### Bycool Lite

Ivory-white, rooftop-mounted, electrical air conditioning unit, especially designed for on-road trucks. Electrical compressor, suitable for dual battery systems, and pre-charged with refrigerant gas, 134A. Recommended for high cabs, short cabs, day cabs, and low sleeper cabs. Delivered preassembled, including Scania-specific mounting kit. For easier installation, the cable preparation **FPC 5168** is recommended.

For NTG. Part no. 2673442

For PGR. Part no. 2673443

#### Bycool Compact 3.0 Day & Night

High-performance, ivory-white, stand-alone air conditioning unit, rooftop-fitted in the roof hatch. Advanced compressor technology, especially designed for on-road trucks. Recommended for day cabs and sleeper cabs. Suitable for dual battery systems and pre-charged with refrigerant gas, 134A. Delivered preassembled, including Scania-specific mounting kit.

For NTG. Part no. 2542520

For PGR. Part no. 2533319

#### Bycool Compact 1.4

Ivory-white, rooftop-mounted, stand-alone air conditioning unit. Advanced compressor technology, especially designed for on-road trucks. Recommended for short cabs, day cabs, and low sleeper cabs. Suitable for dual battery systems and pre-charged with refrigerant gas, 134A. Delivered preassembled, including Scania-specific mounting kit. For easier installation, the cable preparation **FPC 5168** is recommended.

For NTG. Part no. 2760061

For PGR. Part no. 2760062

#### Bycool Blue Line – Flat

Evaporative system, improving comfort while consuming only a small amount of energy. Hot, outside air passes through a wet filter where the water evaporates and absorbs heat. The active carbon filter prevents dust, pollen and particles from entering the cab. Delivered with Scania-specific mounting kit.

For NTG. Part no. 2673321

For PGR. Part no. 2238021

#### Bycool Dinamic 1.1

Stand-alone air conditioning system, mounted on the back wall of the cab – perfect when installation on the roof is not possible. Scania-adapted installation through improved wiring solution that enables tilting of the cab without disconnecting the cabling. Suitable for dual battery systems and pre-charged with refrigerant gas, R134A. Delivered with Scania-specific mounting kit.

For PGR. Part no. 2533321

## HEATERS AND CHARGERS

# COMFORT FOR MAN AND MACHINE

Everything we do is aimed at maximising comfort and reliability, while minimising vehicle downtime. A vital part of this is our heater and charger range. Here you will find engine heaters, an electric cab heater, and a heated mat to be placed underneath the regular floor mat, for extra comfort. This group of accessories also includes an efficient battery charger – a fully charged battery ensures long service life and better operating economy.

#### Floor heating pad 50 W

A very neat solution to keeping the floor warm and dry. Simply place it under the existing floor mat. Plugs into either the 24V outlet or into the heated chair. Can be used on either the driver or passenger side.

*Floor heating pad, seat connection kit. Part no. 2293832*

*Floor heating pad, universal 24 V kit. Part no. 2293833*

*Cable harness, seat connection (spare part). Part no. 2292120*

*Cable harness, 24 V plug (spare part). Part no. 2292121*

#### Electric cab heater

WaveLine 1700 have two power modes (1700 W and 1100 W) and is fitted with a three-position switch, off/half-power/full-power. The cab heater is self-adjusting, meaning it adjust the power based on the surrounding temperature. It's also fitted with a resettable temperature limiter that cuts power if the temperature exceeds a permitted value. The design is black and red. Dimensions are 195x145x50 mm. It can be installed in different ways: use the mounting hold, the quick clip, or the wire bracket. The cab heater must be connected to 230 V AC power. Part no. 2796076

#### Socket installation kit

Install a socket that makes it easier and faster to install the electrical cab heater.

*G and R sleeper cabs. Part no. 1900736*

*P sleeper cab. Part no. 1900737*

*G and R day cabs. Part no. 1900738*

*Short G cab. Part no. 1900740*

*Short P cab. Part no. 1900741*

*Connection kit, all cabs. Part no. 2166156*

#### Engine heaters

In cold temperatures, the engine consumes more fuel and emits more harmful substances. Regardless of engine type, an engine heater is an efficient solution providing easier starts, less engine wear, reduced environmental impact, and enhanced comfort for the driver.

*PGR D9, non XPI. Part no. 1900732*

*PGR D11 and D12. Part no. 1900731*

#### Battery charger

Modern vehicles with advanced electrical systems require a fully-charged battery, particularly for short journeys. Consuming minimal power, the Calix battery charger ensures that your battery is fully charged at all times. It can also be used as a power supply and for charging fully discharged batteries.

*Charger. Part no. 2148986*

*Installation kit. Part no. 2192479*

*Power cord EU plug 5 m. Part no. 1423904*

*Power cord EU plug 15 m. Part no. 1447109*

*Power cord UK plug 5 m. Part no. 2152701*

#### Electrical fuel heater

To improve injection, combustion, and ultimately your uptime, the Scania fuel heaters prevent paraffin from forming at low temperatures or when diesel quality is poor.

*Part no. 1777451*

#### Battery desulfator

A battery reconditioner improves battery performance by preventing buildup and forming of crystalline sulfate. The Canadus Battery Reconditioner HD-1224 helps to extend the battery life, increase equipment productivity, improve electrical system performance, and reduce electrical system maintenance costs.

*Part no. 2416824*

DRIVING COMFORT

# FOR A SMOOTH FLOW

Driving with an open window is pleasant, but sometimes noisy. Wind deflectors reduce both loudness and air flow, maintaining a comfortable driving experience. Before purchasing a wind deflector, make sure to check national legal requirements. This range also includes a smart drip strip above the door preventing water on the roof from entering the cab when the door is opened.

#### Wind deflector door NTG

Wind deflector made of transparent plastic. Easy to fit with adhesive tape. Factory mount **FPC 5613**.

*Left side. Part no. 2617531*

*Right side. Part no. 2617532*

#### Drip strip – Door

Prevents water on the roof from entering the cab when the door is opened.

*Left side. Part no. 1433597*

*Right side. Part no. 1435236*

#### Wind deflector door PGR

Wind deflector made of transparent acrylic plastic and bearing the Scania logo. Easy to fit using adhesive tape and clips.

*Kit for both sides, including clamps. Part no. 2607788*

*Left side. Part no. 2607786*

*Right side. Part no. 2607787*

*Clamps (needs to be ordered separately). Part no. 1904353*

*Left side, non-tinted plastic. Part no. 2551613*

*Right side, non-tinted plastic. Part no. 2551614*

## TABLES

# SURFACES FIT FOR PURPOSE

Life in the cab should be simple. Being able to place a cup of coffee, a book, or a laptop in a handy location is convenient for both you and your passengers. Explore our smart table solutions, featuring a wide variety of sizes and designs. Before purchasing a table, make sure to check national legal requirements.

## INSTRUMENT PANEL TABLE

**Scania table, instrument panel**

The Scania table for the instrument panel has edges and a rubber mat on top, preventing items from sliding off, as well as a groove for storing pens. To fit various requirements, the table top can easily be removed. Mounting is recommended to be done by Scania workshop. Instruction not included in kit, it's in Scania's parts catalogue. Please be aware, there may be local variations in national legislation concerning requirements for fitting the table. Factory mount **FPC 7218**.

Table kit left-hand drive. Part no. 2671952

Table kit right-hand drive. Part no. 2672076

**Aluminium**

For LHD mounting. Fits Grundig and Siemens 1373 toll collection system.

**P-, G- and R-series with hard dashboard**

## FOLD-OUT TABLE

**Fold-out table passenger side**

Practical fold-out table for passenger side. Table with rubberised surface, including mounting parts.. Part no. 2870771

**Fold-out table passenger side**

Table including hinges and strip.

Part no. 1939975

Fold-out table for passenger side, including storage compartment, mat and mounting parts. Part no. 2078467

## STORAGE

# A PLACE FOR EVERYTHING

In the Scania cab, every item you have has its own place. Hooks and storage boxes of various sizes make it easy to keep the cab nice and tidy. There is also a bag and storage net, specially designed for a storage bar mounted on the back wall.

### Storage box

Designed to fit under the bed, the plastic storage box holds approx. 29 litres and provides a smart and easily accessible space for storing belongings. Can be placed on the driver's side, passenger side or both at the same time. The storage box fits G, R and S sleeper cabs.

Factory mount **FPC 6871**.

Part no. 2602308

### Coat hook

Convenient hook for clothes and belongings, for use only when standing still as visibility is impaired. Available in dark or light sand colour and easily pressed into position from the inside of the storage compartment above the driver's or passenger door.

Coat hook, light sand colour. Part no. 2485674

Coat hook, dark sand colour. Part no. 2489770

### Storage bar kit

For simple and accessible storage options, you can put your personal items in the nets and the bag on the storage bar on the rear cab wall. All units are easily fastened to the storage bar with Velcro straps. Storage net and bag fit the large storage bar, ordered from factory on **FPC 5210**.

Factory mount, XT storage kit or Scania symbol storage kit, **FPC 8236**.

Kit, storage nets and centre bag with Scania symbol. Part no. 2642931

Kit, storage nets and centre bag with XT logotype. Part no. 2642752

**Stainless steel brackets**

Couple of brackets, stainless steel – 2,5 mm 420x160 mm. Fasteners not included.

Part no. 2843014

Couple of brackets, stainless steel – 2,5 mm 520x205 mm.

Fasteners not included.

Part no. 2843035

**Hinge**

Spare parts hinge in plastic with stainless steel pin.

Part no. 2828827

**Lock**

Spare part lock with studs. Two spare parts keys included.

Part no. 2828828

## KITCHEN EQUIPMENT

# THE GOOD LIFE

You drive many miles every day and spend long hours in the cab, so taking regular breaks is essential. Make sure to fit your vehicle with the right equipment so you can enjoy the freedom of coffee breaks and meal breaks whenever it suits you.

#### Water kettle

When you need a pot of tea, cup of coffee or a mug of soup, this water kettle is the solution for you. The Scania approved water kettle is a 24V unit, with automatic cut-off overheating protection. The kettle is possible to fixate on the instrument panel together with the mounting frame (included). Features: 24V. 300W. 1 L capacity. Soft touch on/off buttons. automatic cut-off overheating protection.

Part no. 2323638

#### Dometic coffee maker

Equipped with mesh filters and a transparent water container with cup capacity marked. The coffee pot is secured while the vehicle is being driven. Capacity for 5 cups (680 ml). 24 V. Supplied with a bottom plate for securing in the cab.

Part no. 2439387

#### Scania branded coffee maker

Adapted to the driver's environment, the coffee maker makes up to 6 cups in just a few minutes with regular, type 102 paper filters. Heating plate with thermostat and overheating protection. The coffee maker can be fitted on the instrument panel or on the roof shelf. Suitable for G/R/S cabs, roof shelf mounting also require high roof. The installation requires a factory prep., **FPC 3840**, of cable harness with 24-V connectors. Spare parts are available in Scania's parts catalogue. Fitting on the instrument panel is not possible in combination with Scania tablet holder. Factory mount **FPC 3840**.

Scania coffee maker. Part no. 2024218

Holder for instrument panel mounting. Part no. 2037604

Holder for roof shelf mounting. Part no. 2567073

#### Microwave oven with integrated 24 V power supply

The microwave oven makes it easy to cook meals while on the road. 500 W, 3 heating programs, and 1 defrost function. Dimensions (HxWxD) 280x449x336 mm, volume 17 litres. Equipped with a 24-V connector, and the cab must have the option for microwave oven preparation (factory mount **FPC 6542**). The microwave oven can only be fitted in a high-roof cab, in the central storage compartment. *Retrofitting complete kit NTG. Part no. 2733090*

#### Refrigerator NTG

Choose either cooling mode, 0–10°C, or freezing mode, -15°C (min temperature depends on surrounding temperature). Equipped with an energy limiting function. The refrigerator requires factory prep. (box with cable harness) and can also be factory mounted **FPC 5158** or **FPC 5159**.

*Refrigerator S-series sleeper cab, 36.7 litres. Part no. 2706575*

*Refrigerator R-series sleeper cab, 26.7 litres. Part no. 2706544*

*Refrigerator R-series day cab, 13.3 litres. Part no. 2770786*

NTG

#### Refrigerator NTG

Choose either cooling mode, 0–10°C, or freezing mode, -15°C (min temperature depends on surrounding temperature). Equipped with an energy limiting function. The refrigerator requires factory prep and can also be factory mounted **FPC 2042**.

*Refrigerator P- and G-series sleeper cab, 30.3 litres.*

*Part no. 2770774*

*Refrigerator P- and G-series day cab, 14 litres.*

*Part no. 2770785*

NTG

#### Refrigerator and freezer PGR

Enjoy convenience with an under-bed refrigerator, with or without freezer. For Scania P-, G-, and R-series sleeper cabs. Factory prep. for refrigerator needed, **FPC 2042**.

*Refrigerator and freezer, R-series. Part no. 2540272*

*Refrigerator box for 2540272. Part no. 1515749*

*Freezer box for 2540272. Part no. 1515750*

*Refrigerator without freezing compartment, P- and G-series.*

*Part no. 2540273*

*Refrigerator without freezing compartment, R-series. Part no. 2540271*

*Refrigerator box for 2540271. Part no. 2114787*

*Refrigerator for P, G, R 16 cab (from 2003). Part no. 1421478*

PGR

#### Cupholder

Simply retrofit a cupholder into one of the vacant slots for separate switches. Flexible rubber pins allow you to securely fit a large thermos mug or a narrow coffee mug. Supplied with mounting fittings and instructions.

Part no. 2455832

#### Electric lunchbox heater

This compact lunchbox heater has room for one or two stainless-steel lunchboxes. Connects to the 24-V socket in the cab.

For 1 lunchbox (incl. 1 lunchbox). Part no. 583040

For 2 lunchboxes (incl. 2 lunchboxes). Part no. 583041

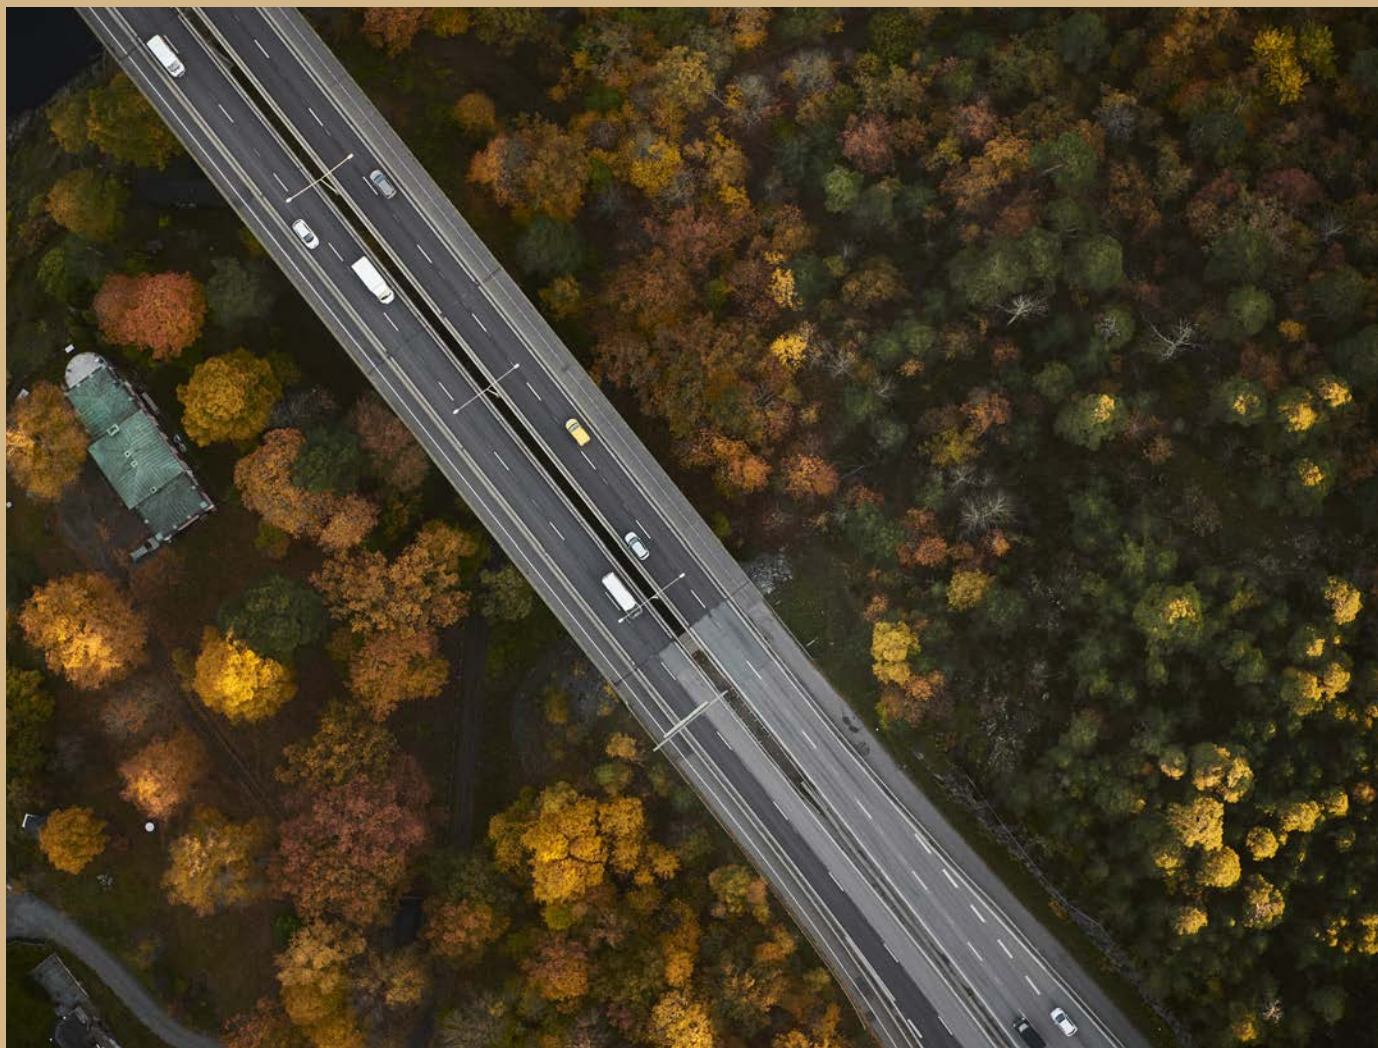

Lunchbox. Part no. 583032

#### Cool box 20 litres

The cool box allows cooling to approx 30°C less than surrounding temperature. Capacity 20 litres. 12/24/230V.

Part no. 2051846

## ELECTRONICS

# ENTERTAINMENT ALONG THE ROAD

Sitting behind the wheel involves so much more than just driving. To optimise both comfort and safety, our range of electronics offer several solutions for communication, sound, navigation, and more. Explore and enjoy.

#### Pioneer radios with satellite navigation

The Pioneer AVIC-Z6210BT-CT and AVIC-Z7210DAB-CTAN are full-scale navigation, entertainment and communication systems equipped with truck-specific navigation. This simple and versatile navigation unit can help you find your delivery location, with precise and updated maps and driving instructions for the whole of Europe.

Both models are 2 DIN and have large (6.2-inch), high contrast multi-touch screen which can be adapted to suit your own personal requirements.

*AVIC-Z6210BT-CT, with truck specific navigation and Bluetooth. Part no. 2836291*

*AVIC-Z7210DAB-CTAN with truck-specific navigation, DAB/DAB+ radio and Bluetooth. Part no. 2836292*

#### Scania centre panel for installation of Pioneer 2-DIN navigation

The centre panel has been designed especially for installation of Pioneer's 2-DIN navigation units.

*Part no. 2473788*

#### Alan 48 PRO, from Midland

Classical designed CB-radio by Midland with a brand new re-designed internal circuit to increase the technical performances, equipped with multifunction blue backlit display. This is a 12/24 V power supply, Digital Automatic Squelch, Noise Blanker/ANL filter for the highest audio quality, multi-frequency band equipment, DIN-Size ready with the DIN mounting kit; for countries with codes I, I2, D4, EU, EC W, F, PL, UK. Frequency range: 26.565–27.99125 MHz. Features: Power: 1 W/4 W depending on country. Microphone with up/ down/lock buttons. RF gain: sensitivity control in RX. MIC gain: microphone amplification. Four memory positions. There is direct access to an emergency channel 9. Scan function. Dual watch. 6 pin microphone socket and external loudspeaker connection. Power supply voltage DC 12.6 V DC  $\pm 10\%$ . Equipment is compliant with EU regulation 2014/53/UE. CB-radio is delivered together with microphone, mounting bracket and screws.

Alan 48 Plus Multi B. Part no. 2902922

Mounting frame. Part no. 1924391

#### Alan 78 Plus Multi B, from Midland

A compact CB-radio with multifunction blue backlit display. Multi frequency band equipment, for countries with codes I, I2, D4, EU, EC W, F, PL, UK. Frequency range is: 26.565–27.99125 MHz. Features: Microphone with up/down/lock buttons. Squelch. There is direct access to an emergency channel 9. Scan function. 6 pin microphone socket and external loudspeaker connection. Power supply voltage DC 12.6 V DC  $\pm 10\%$ . Equipment is compliant with EU regulation 2014/53/UE. CB-radio is delivered together with microphone, mounting bracket and screws.

Alan 78 Plus Multi B. Part no. 2801825

Mounting frame. Part no. 2847091

#### CB radio xm 5008e-R VOX 12/24 from Stabo

Equipped with hands free speaking (VOX function). 6 switchable frequency tables (EU, d, PL, EC, UK, In) and direct access to channels 9 and 19. Frontspeaker with powerful sound. 12V/ 24V operation without switching. Energy efficient 24V operation. 6-pin microphone socket. Socket for external loudspeaker. Multifunction LC display. Frequency range: 26.565 – 27.99125 MHz. Power supply voltage 13,2/26,4 V DC. 1-DIN installation frame, power-plug to fit Scania and microphone are included. E-mark certified (E24 10R-05 3091).

xm 5008e-R VOX 12/24. Part no. 2926994

#### CB radio xm 3004e-R VOX 12/24 from Stabo

Equipped with hands free speaking (Super VOX function). 6 switchable frequency tables (F key: EU, d, PL, EC, U, rU) and emergency key (1&2) e.g. direct access to channel 9/19. ANL (automatic noise limiter) . Key Beep & Roger Beep, ToT (time out timer) , 6-pin microphone socket. LED display with 7 backlight colours to choose between. 12V/24V operation without switching. Energy efficient 24V operation. ASC automatic squelch control (president patent) Frequency range: 26.565 – 27.99125 MHz. Mode key AM/FM, Power supply voltage 13,2/26,4 V DC. 1-DIN In-dash frame with acoustic channel (no additional loudspeaker required), Socket for external loudspeaker and external vox mic. Power plug to fit Scania and microphone are included. E-mark certified (E24 10R-05 3065). Factory mount **FPC 6581**.

xm 3004e-R VOX 12/24. Part no. 2901107

#### Pioneer 1 DIN

Enjoy your music with 1-DIN Pioneer radios via either RDS FM/AM tuner radio stations, CD or connected to other devices.

*DEH-S420BT, red button illumination, Bluetooth, USB, Aux-In and Apple and Android device compatible. Part no. 2862343*

*DEH-S220UI, multicolour illumination, RDS tuner, USB, Aux-In and Apple and Android device compatible. Part no. 2862342*

*DEH-S120UBG, green button illumination, USB, Aux-In and Android smartphone compatible. Part no. 2862341*

*DEH-150MPG, green button illumination and green illuminated front AUX-In. Part no. 2186590*

#### Pioneer 1 DIN

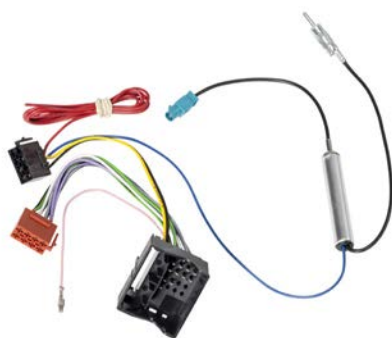

1-DIN Pioneer radios with built-in DAB/DAB+ and RDS FM/AM tuner. You can also enjoy your favourite music via CD or connected to other devices as well. A DAB aerial is also included.

*DEH-S720DABAN, multicolour illumination, AUX-In, USB, Bluetooth and Apple and Android device compatible. Part no. 2862344*

*DEH-S410DABAN, multicolour illumination, USB, Aux-In, Apple and Android device compatible. Part no. 2782255*

*DEH-X8700DABAN, multicolour illumination, AUX-In, USB, Bluetooth and Apple and Android device compatible. Part no. 2559447*

*MVH-S520DABAN, multicolour illumination, AUX-In, USB, Bluetooth, without CD. Apple and Android device compatible. Part no. 2862365*

#### Pioneer radio interfaces

All you need to upgrade your Pioneer music experience.

*Adapter cable, FAKRA to ISO. Part no. 2204849*

*Aerial adapter. Part no. 2064806*

*USB audio adapter cable. Part no. 2399273*

*USB audio and video adapter cable. Part no. 2399274*

DAB antenna for fitting on the windscreen. Connected to the digital antenna input on the Pioneer unit (DAB model).

*Pioneer DAB antenna. Part no. 2429096*

#### Speakers, Pioneer

Rock-solid, full-bodied performance. Pioneer speakers release the full potential of the audio setup in your Scania.

*Subwoofer 150 W (TS-WX210A). Part no. 2064803*

*4-Way 6"x8", 350 W (TS-A6880F). Part no. 2836293*

*Mounting adapter for loudspeaker in door. Part no. 2279869*

## OFFICE EQUIPMENT

# OFFICE ON A ROLL

Your cab is also quite often your office. We provide several easily accessible solutions to make it easier for you to maintain structure and order – also during stressful working conditions.

#### Tablet holder mount NTG

Holder measurement range 140–223 mm, maximum load 800 grams. Packed into a kit including all parts needed for installation in the instrument panel. Please note! A tablet PC is not included in the delivery, nor any wiring for charging the tablet PC. Holder not possible in combination with coffeemaker mounted on the instrument panel. Mounting instruction in Scania's spare parts catalogue. Before purchase please make sure to check national legal requirements. Factory mount **FPC 6311**.

Tablet holder kit, LHD. Part no. 2674927

Tablet holder kit RHD. Part no. 2674928

#### Driver information folder

Driver information folder in leather and fabric. Keeps documents in place and easy to find. Includes a leather pocket for pens and other small items.

Part no. 2119894

#### Adapter plate for mobile phone holder

The adapter plate enable a position to mount a mobile phone holder close to USB and AUX input if pre-selected from factory. **FPC 6498** or **FPC 6499**.

Kit for driver position, LHD or RHD.

Part no. 2870772

#### TV wall mount

The TV mount is developed with the Scania cab in mind to guarantee safety and comfort. The TV must not be larger than 19 inches and support VESA 75 standards. Fits the R-series Highline and Topline sleeper cabs produced after September 2009. The TV bracket can be tilted both horizontally and vertically, and should be mounted above the passenger door to allow visibility from both bed and driver's seat. The TV is mounted to the bracket with a VESA 75 connector which is standard on most TVs up to 19 inches or 6 pounds. Our recommendation is not to install a TV bigger than 19 inches as this will block the storage shelf.

R-series Topline sleeper cab. Part no. 2152751

R-series Highline sleeper cab. Part no. 2152754

#### Adapter plate for mobile phone holder

The adapter plate enable a position to mount a mobile phone holder close to USB and AUX input if pre-selected from factory. **FPC 6498** or **FPC 6499**.

Kit for centre cab position, LHD.

Part no. 2870773

Kit for centre cab position, RHD.

Part no. 2870774

## CLEANING EQUIPMENT

# KEEPING IT NICE AND TIDY

A clean and uncluttered cab environment is vital for a pleasant work experience. Make sure to install waste bins in smart places so you can keep the cab free from rubbish. Our range of cleaning equipment also includes a convenient compressed air gun, for quick and easy dust removal.

#### Compressed air gun

Small compressed air gun, easily fitted to the dashboard. 3 different versions. For quick removal of dust from the dashboard and seats.

*Chromed. Part no. 1899962*

*Blue. Part no. 2118539*

*Red. Part no. 2118540*

#### Waste bin

Use the Scania waste bin to keep the cab tidy. The bin is made of tarpaulin and fits neatly into several places in the cab.

*Part no. 2116993*

#### Waste bin with cover

The waste bin is produced to fit the door pocket in the NTG P-, G-, R-, and S-cabs. It can also be used in other locations, thanks to the Velcro strap on the rear. Made of sand-coloured plastic to match the cab interior. The waste bin holds approximately 1.25 litres and has a cover to close in undesirable odour. Factory mount **FPC 5612**.

*Part no. 2117011*

#### Ashtray

Ashtray with space for two cigarettes. The ashtray is suitable for both G- and R-series (PGR), as well as NTG. It fits securely and precisely in the cup holders in the central storage. The ashtray is easily removed, thus easy to clean.

*Part no. 2558693*

MISCELLANEOUS

# THAT LITTLE BIT EXTRA

We always try to ensure your life on the road is as trouble-free as possible, so make sure to have our combined snow brush/ice scraper and squeegee on board. And should you have to repair or fix anything while on the road, choose one of the two handy tool kits.

#### Snow brush and ice scraper

An effective snow brush and ice scraper for cleaning in all snow conditions. It has a brush head with integrated rubber scraper to remove wet and heavy snow. The brush head can be set in two positions, either T-shape or straight. The handle is telescopic and can be adjusted steplessly for extra long reach. In T-shape the length is 820–1140 mm, and for straight it is 930–1250 mm.

Part no. 2748039

Replacement blade for snow brush and ice scraper, 2748039 and 2599617. Part no. 2748040

#### Telescopic rubber scraper with sponge

Flexible, effective rubber scraper with sponge. Ideal for cleaning glass and side windows on trucks and buses. The aluminium handle is telescopic, and the scraper is 550–750 mm long. The rubber scraper/sponge can easily be folded towards the handle to facilitate storage.

Part no. 2409540

#### Telescopic snowbrush/ice scraper

Smart all-in-one snow brush and ice scraper. Includes a built-in telescopic, extendable handle, 770–1050 mm. Easy to use and the telescopic lock is stable and weatherproof. At one end an effective snow brush, and the other end a tough ice scraper made of frost-proof polycarbonate. The ice scraper has 3 scraping edges and a notch for cleaning wiper blades from ice and snow. Comfortable grip handle.

Part no. 2599617

#### Vehicle toolkit

45-piece toolkit for carrying out smaller emergency repairs.

Part no. 1723293

#### Toolbox, Home edition

61-piece toolkit for most garage repairs to the vehicle, gardening equipment, the house, camper vans etc.

Part no. 1893226

SAFETY & SECURITY

# ON THE MOVE FOR SAFER RIDES

Driving gets more complicated and challenging the longer the haul, the busier the traffic or the steeper the terrain. To help you prepare for the unexpected, we have a wide range of safety and security equipment, such as traffic warning systems, beacons, cameras, anti-siphon devices, and emergency equipment, along with an extensive assortment of lighting accessories. Products that will help you work and move safely around your vehicle, ensuring that both you, and others on the road, always operate in the best light.

## ALCOLOCK SYSTEMS

# STAY ALERT AND IN CONTROL

A flawless traffic safety record is a contractor's most important asset. To maximise safety for everyone on the road, adhere to legislation and stay ahead of competition, Scania offers market-leading alcohol interlock systems. We are co-operating with Dräger, the world's most trusted maker of breath alcohol measurement devices. The interlock system is easy to use and reliable. If an elevated alcohol concentration level is detected, we guarantee that the vehicle will not start.

### Quick and easy to use

The Scania alcohol interlock has very short warm-up and is almost ready instantaneously. It has a modern, ergonomic design with user-friendly menu navigation displayed on a colour LED screen.

### Robust, yet sensitive

The inside of vehicles are subject to a wide range of temperatures and humidity. Ensuring reliable performance in temperatures from

-45 °C to +85 °C, the Scania alcohol interlock is durable and reliable even in demanding conditions. In addition, it is also very sensitive and accurate. Multiple sensors confirm that a human is using the device, which means it is very difficult to trick the system. Any attempts to manipulate the process are stored in a log.

The alcohol interlock system can distinguish alcohol on the breath (blood) with extreme accuracy. The precise electro-chemical sensor does not react to washer fluid, mouth spray,

alco gel, cigarette smoke or cleaning agents, resulting in very few false readings.

### Employer's responsibility

If an employee shows signs of having an alcohol-related problem, the employer is expected to take on a large part of the rehabilitation process. The earlier a problem is discovered and treated, the better. With alcohol interlocks installed in the vehicles, you help your team to fight alcohol abuse.

#### Alcohol interlock 7000

The new Scania alcohol interlock 7000 has a new design, improved features and is the only alcolock of its kind that meets the requirements of two updated EU-standards as from 2014.

Factory mount **FPC 6635**. The user can choose the language. The following 10 languages are available: Swedish, German, English, French, Spanish, Finnish, Danish, Dutch, Norwegian and Portuguese.

Part no. 2282294

#### Protection for Alcohol Interlock 7000

Shock protection for Alcohol Interlock 7000.

Part no. 2390877

Display protection for Alcohol Interlock 7000.

## RADAR

# SIDE OBJECT DETECTION

Add Vulnerable Road User (VRU) protection with PreView Side Defender II, the next generation of side blind zone collision mitigation. PreView Side Defender II is the most advanced side object detection and VRU protection radar available for on-road medium and heavy-duty trucks.

## Intelligent operating modes

### Urban VRU Warning

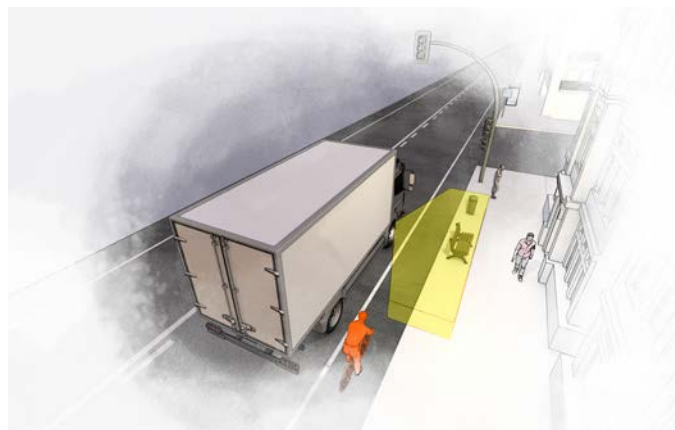

Engineered for slow-speed urban environments and passenger side turns at speeds under 30 km/h, the Urban VRU Warning mode will alert for moving bicycles, pedestrians, motorcycles, etc., while intuitively ignoring stationary objects such as parked cars and street signs.

### Lane Change Assist

Designed for lane change manoeuvres at speeds greater than 30 km/h, the Lane Change Assist will alert for moving cars, bicycles, motorcycles, etc., while intuitively ignoring stationary fixtures such as guardrails.

## Additional smart features

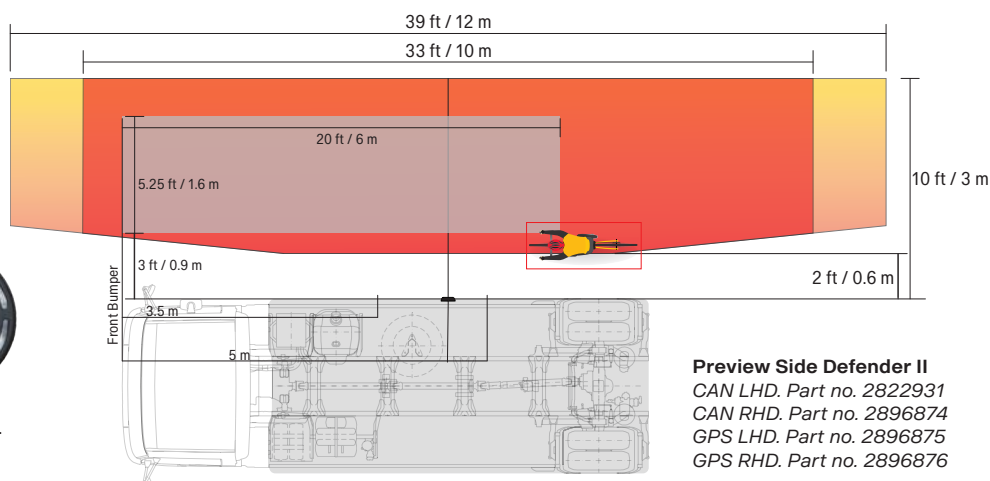

- Engineered to operate in all weather conditions
- Provides audible and visual in-cab active alerts
- Ability to report sensor data to a logging or telematics device

Designed to meet IP69K requirements.

In-cab display.

Mounting	Unit supplied with mounting hardware and can be mounted directly on the equipment or by using an optional mounting bracket.

## PREVIEW SENTRY RADAR - REAR VIEW DETECTION

### Intelligent operating modes

#### Accurate

Sentry accurately identifies the location and velocity of up to 16 people or objects simultaneously and is designed to withstand the harsh environments encountered by heavy-duty equipment. With built-in fail safe alerts that notify the operator of radar blockage or communication issues, operators and fleet managers can be sure that they are working with the most reliable object detection system available.

#### Flexible

PreView Sentry is the industry's most flexible, accurate, and powerful active blind spot monitoring solution available. Sentry has a pre set detection zone, with the ability to detect objects from the face of the radar to 6 meters long and 3 meters wide, the detection zone is pre set to fit almost all specifications of Scania.

#### Tough

Sentry is built to meet rugged J1455 specs for vibration, shock, temperature, humidity, salt spray, immersion, steam cleaning, general electrical environment, steady state electrical, transient/noise, EMC, and EMI.

### Additional smart features

- Engineered to operate in all weather conditions
- Provides audible and visual in-cab active alerts
- Ability to report sensor data to a logging or telematics device

## CAMERAS – SCANIA

# THE ULTIMATE VIEW

With your operational safety in focus, we have developed a smart assortment of Scania-approved camera systems which are easy to use, ergonomically tested and designed to match the interior of your Scania cab. Our comprehensive camera systems, together with a safe driver, can help to reduce accidents and downtime by making it easier for you to drive, park and manoeuvre your vehicle at all times.

## SCANIA 360° AREA-VIEW: DIGITAL

Give yourself a panoramic 360° view of your vehicle with our Area-view camera system. Four wide-angle HD cameras work together to transmit live images straight to a single 7-inch monitor. Covering the front, rear, and sides of the vehicle, full visibility is ensured and parking,

loading, and manoeuvring can be carried out with a higher level of safety.

Minimize blind spots, lower stress and increase safety with this unique area-view system – which can be easily retrofitted to trucks or buses.

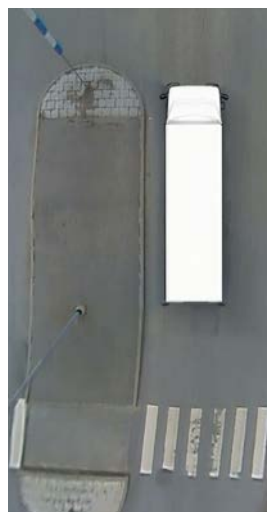

Slow speed

## SHUTTER REAR-VIEW CAMERA

The shutter rear-view camera features an auto shutter that protects the lens against dirt and ensures a clear image in all weather conditions. The rear-view camera can be connected to the premium radio via the interface or to the 8-inch LED monitor.

## REQUIRED ITEMS FOR SHUTTER REAR-VIEW CAMERA WITH PREMIUM RADIO

### Articulated vehicle with one trailer (with reversing camera for connected trailer only)

- 1 x 2660324 HD shutter camera
- 1 x 2758817 adapter cable for premium radio
- 1 x 2758823 cable (10 m) to connect stereo adapter to trailer connection
- 1 x 2758807 trailer kit (incl. spiral cable and connectors)
- 1 x 2758820 extension cable (15 m) or 1 x 2758821 extension cable (20 m)

### Rigid truck with extra trailer (with 2 cameras for rigid and trailer)

- 2 x 2660324 HD shutter camera (for rigid and trailer)
- 1 x 2758817 adapter cable for premium radio
- 1 x 2758816 prioritization box (detects which camera needs to be active)
- 2 x 1903616 cable (20 m) to connect stereo adapter to trailer connection and camera on superstructure (2 x 2660323 (15 m) if rigid trailer is shorter)
- 1 x 2758807 trailer kit for one camera (incl. spiral cable and connectors between rigid and trailer)
- 1 x 2758820 extension cable (15 m) or 1 x 2758821 extension cable (20 m) depending on the length of the trailer

### Articulated vehicle with two trailers (with reversing cameras for connected trailers only)

- 2 x 2660324 HD shutter camera
- 1 x 2758817 adapter cable for premium radio
- 1 x 2758816 prioritization box (detects which camera needs to be active)
- 2 x 2629326 cable (5 m) to connect stereo adapter to trailer connection
- 1 x 2758809 trailer kit for two cameras (incl. spiral cable and connectors between tractor and trailer)
- 1 x 2758807 trailer kit for one camera to connect between trailers
- 3 x 2758820 extension cable (15 m) or 3 x 2758821 extension cable (20 m)

## REQUIRED ITEMS FOR SHUTTER REAR-VIEW CAMERA WITH EXTRA MONITOR (FITS UP TO 3 CAMERAS)

### Articulated vehicle with one trailer (with reversing camera for connected trailer only)

- 1 x 2660324 HD shutter camera
- 1 x 2660322 digital 8" TFT LCD monitor
- 1 x 2724637 monitor arm LHD (optional)
- 1 x 2758823 cable (10 m) to connect stereo adapter to trailer connection
- 1 x 2758807 trailer kit (incl. spiral cable and connectors)
- 1 x 2758820 extension cable (15 m) or 1 x 2758821 extension cable (20 m)

### Rigid truck with extra trailer (with 2 cameras for superstructure and trailer)

- 2 x 2660324 HD shutter camera (for rigid and trailer)
- 1 x 2660322 digital 8" TFT LCD monitor
- 1 x 2724637 monitor arm LHD (optional)
- 1 x 2758816 prioritization box (detects which camera needs to be active)
- 2 x 1903616 cable (20 m) to connect stereo adapter to trailer connection and camera on superstructure (2 x 2660323 (15 m) if rigid trailer is shorter)
- 1 x 2758807 trailer kit for one camera (incl. spiral cable and connectors between rigid and trailer)
- 1 x 2758820 extension cable (15 m) or 1 x 2758821 extension cable (20 m) depending on the length of the trailer

### Articulated vehicle with two trailers (with reversing cameras for connected trailers only)

- 1 x 2660322 digital 8" TFT LCD monitor
- 1 x 2724637 monitor arm LHD (optional)
- 2 x 2660324 HD shutter camera
- 1 x 2758817 adapter cable for premium radio
- 1 x 2758816 prioritization box (detects which camera needs to be active)
- 2 x 2629326 cable (5 m) to connect stereo adapter to trailer connection
- 1 x 2758809 trailer kit for two cameras (incl. spiral cable and connectors between tractor and trailer)
- 1 x 2758807 trailer kit for one camera to connect between trailers
- 3 x 2758820 extension cable (15 m) or 3 x 2758821 extension cable (20 m)

## MONITORS

**Monitor, 8-inch**  
Connects up to 3 cameras. Single camera view.  
*Part no. 2660322*

**Monitor, 8-inch QUAD**  
Connects up to 4 cameras. Supports multiple views.  
*Part no. 2660321*

## MONITOR HOLDERS

**Monitor arm flexible**  
Adjustable arm to fit with Scania 7", 8" and 10" monitors.  
*Flexible LHD. Part no. 2724637*  
*Flexible RHD. Part no. 2724639*

## TRAILER CABLES

**Trailer kit for 1 camera Mini DIN**  
 1 pcs Tractor Socket Male, 1 pcs  
 Curl-E coil cable, 1 pcs Trailer  
 Socket Female.  
*Part no. 2758807*

**Trailer kit for 2 camera Mini DIN**  
 1 pcs Tractor Socket Male, 1 pcs  
 Curl-E coil cable, 1 pcs Trailer  
 Socket Female.  
*Part no. 2758809*

## TRAILER SOCKETS

**Trailer socket Female Mini DIN**  
 For installation on trailer side.  
 1 cam. *Part no. 2758810*  
 2 cam. *Part no. 2758812*

**Trailer socket Male Mini DIN**  
 For installation on tractor side,  
 1 cam. *Part no. 2758811*  
 2 cam. *Part no. 2758813*

## OTHER CABLES

**Spiral cable**  
 7 pin, oil resistant.  
 4.5 m. *Part no. 2758814*  
 8 m. *Part no. 2758815*

**Adapter Mini DIN**  
 Mini DIN male to Orlaco 4-pin  
 Female.  
*Part no. 2660325*

## CAMERAS – ORLACO

# EXTEND YOUR FIELD OF VISION

To ensure the safety of your operations, it is critical that drivers have excellent visibility around their vehicle at all times. To complement the comprehensive set of mirrors on the Scania cab, we have selected an assortment of cameras which are easy to mount, install and operate. The Orlaco range of cameras are also made to meet and exceed today's tough European legislations for vehicle cameras.

## CORNEREYE HD CAMERA AND MONITOR

The CornerEye camera system offers you a continuous view of blind spots at the front and side of your vehicle. Detailed live images are displayed on a HD monitor in your cab, allowing you to manoeuvre safely and efficiently through busy traffic situations while having a full view of cyclists, pedestrians, obstacles, and other road users in the nearby area.

The camera is shockproof, waterproof and resistant to ice.

The kit consists of a HMOS camera with watertight and wide-angle lens and a 10-inch HD automotive HLED monitor. All brackets and cabling are also included. The single camera covers mirror classes V and VI and is approved as a replacement for your cab's front mirror.

All items are also available as spare parts.

### CornerEye camera

CornerEye is also available from **FFU 3832G**.

The NTG Scania mirror replacement (monitor center side dashboard).

*Kit LHD. Part no. 2843668*

*Kit RHD. Part no. 2843669*

The NTG Scania surveillance (monitor above passenger door).

*Kit LHD. Part no. 2621566*

*Kit RHD. Part no. 2623788*

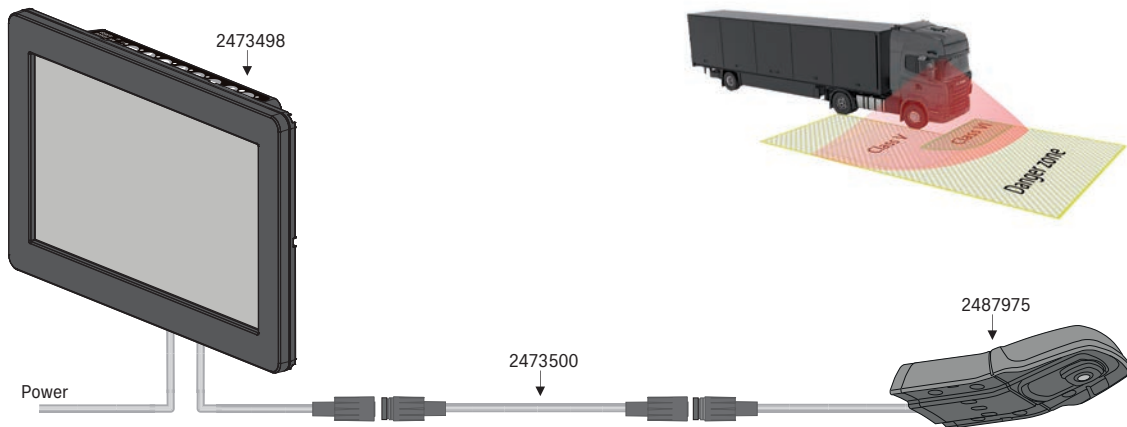

Scania PGR-series.

*Part no. 2623787*

CornerEye configuration drawing

## FRONT VIEW HD CAMERA AND MONITOR

Offering all the features of the Scania front view camera (page 114), the Scania front view HD camera presents a high definition image of the class VI area at the front of your vehicle for a perfect view.

The camera is 100% waterproof and features a heated lens to prevent the build-up of frost

and moisture, guaranteeing operability all weather conditions.

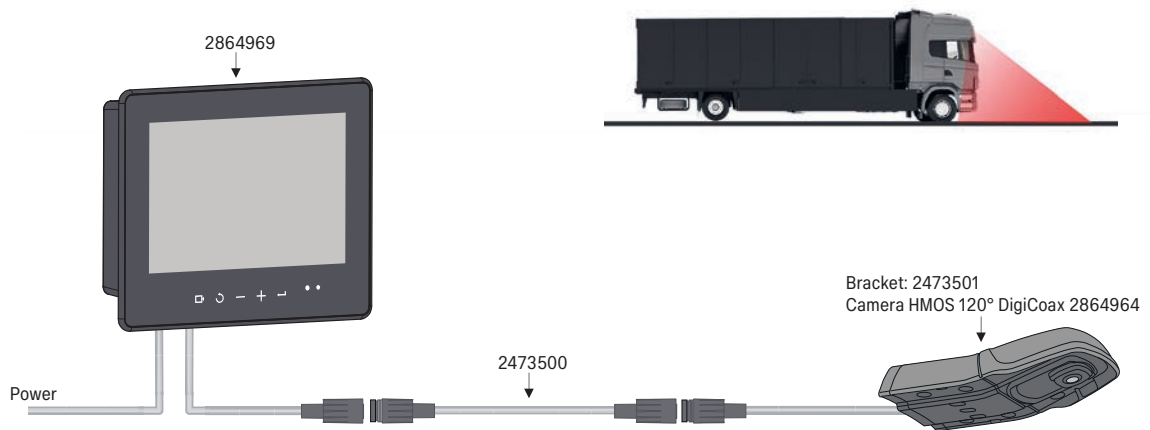

A mountable plastic bracket is included which is designed for optimized vision and suitable for spray painting in your cab's colour.

A 7" monitor is available separately.

Front view HD configuration drawing

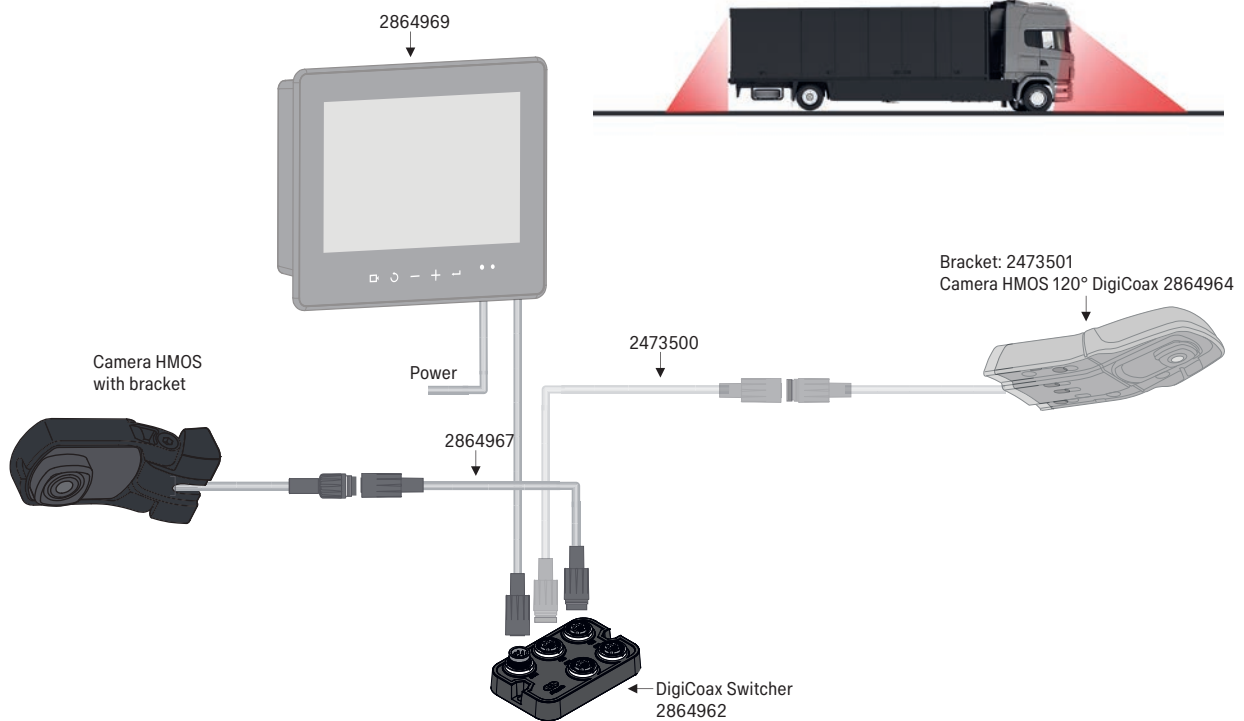

## REAR VIEW HD CAMERA & MONITOR (RIGID TRUCKS ONLY)

The Scania rear view HD camera & monitor comprises a compact HMOS GMSL (low-latency) digital HD camera and 10-inch HLED LCD monitor. Both combine to offer the best possible view of the rear of your vehicle with

very low latency. The camera is 100% waterproof and shockproof and mounted on a special adjustable bracket to ensure flexible installation in any position.

## Extension with HD rear view camera (only rigid trucks) configuration drawing

**Monitor HD 10"**  
HLED LCD Monitor.

**Camera HMOS 180° With Bracket**  
For side and front view installations.  
180°. Part no. 2487975  
Camera Bracket (without camera)  
Part no. 2473501

**Digital cables**  
Digital Coaxial shielded cable.  
Cable 2 m UNI DigiCoax.  
Part no. 2473500  
Cable 5 m UNI DigiCoax.  
Part no. 2864965  
Cable 11 m UNI DigiCoax.  
Part no. 2864966  
Cable 16 m UNI DigiCoax.  
Part no. 2864967  
Cable 21 m UNI DigiCoax.  
Part no. 2864968

**Monitor arm flexible**  
Adjustable arm to fit with Scania 7", 8" and 10" monitors.  
Flexible LHD. Part no. 2724637  
Flexible RHD. Part no. 2724639

**Monitor arm fixed**  
Fixed arm to fit with Scania 7", 8" and 10" monitors.  
Fixed LHD. Part no. 2902545  
Fixed RHD. Part no. 2902546

**Camera HMOS HD**  
For reverse/side view installations.  
90°. Part no. 2864963  
120°. Part no. 2864964  
180°. Part no. 2473497

**Digital Switcher (only rigid trucks)**  
Connects up to 4 cameras.  
Part no. 2864962

## FRONT VIEW CAMERA

The Scania front view camera visualizes the class VI area at the front of your vehicle, offering you a clear line of sight for cyclists, pedestrians and other vulnerable road users immediately ahead of your vehicle. The camera is 100% waterproof and features a heated lens to prevent the build-up of frost and moisture, guaranteeing operability all weather conditions.

A mountable plastic bracket is included which is designed for optimized vision and suitable for spray painting in your cab's colour.

A 7" monitor is available separately.

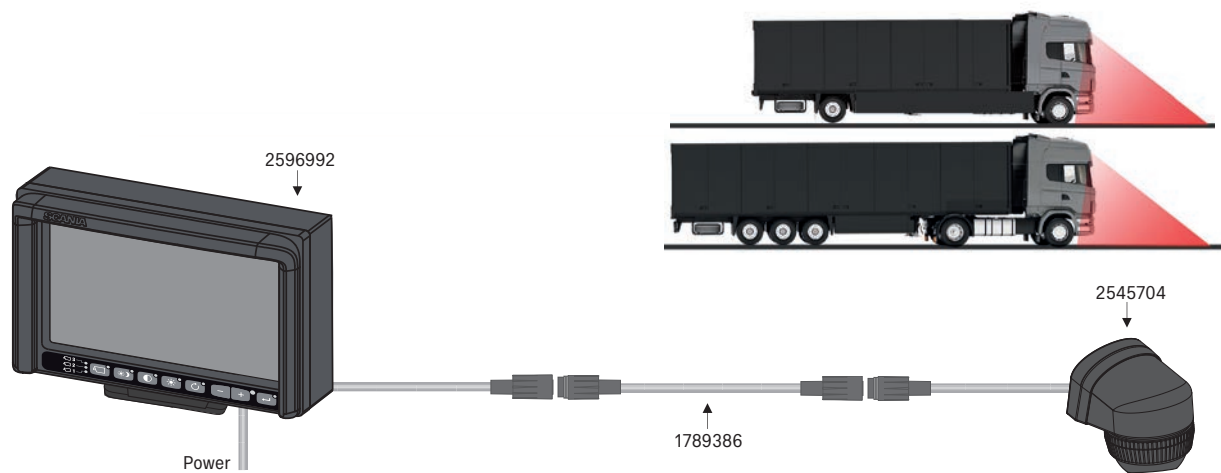

This item is also available as a factory fitted component as FPC 3832E (on premium radio) and 3832F (separate 7" monitor).

Front view configuration drawing

Learn more about the various installation options for Scania Premium Radio on page 125.

## SCANIA SIDE VIEW CAMERA

The Scania side view camera provides you with extra visibility at the side of your vehicle around bends and makes it easier for the driver to manoeuvre in tight and low-rise areas, as well

as knowing when to swing the rear of the vehicle out safely. The camera is waterproof, shockproof and has a built-in heater.

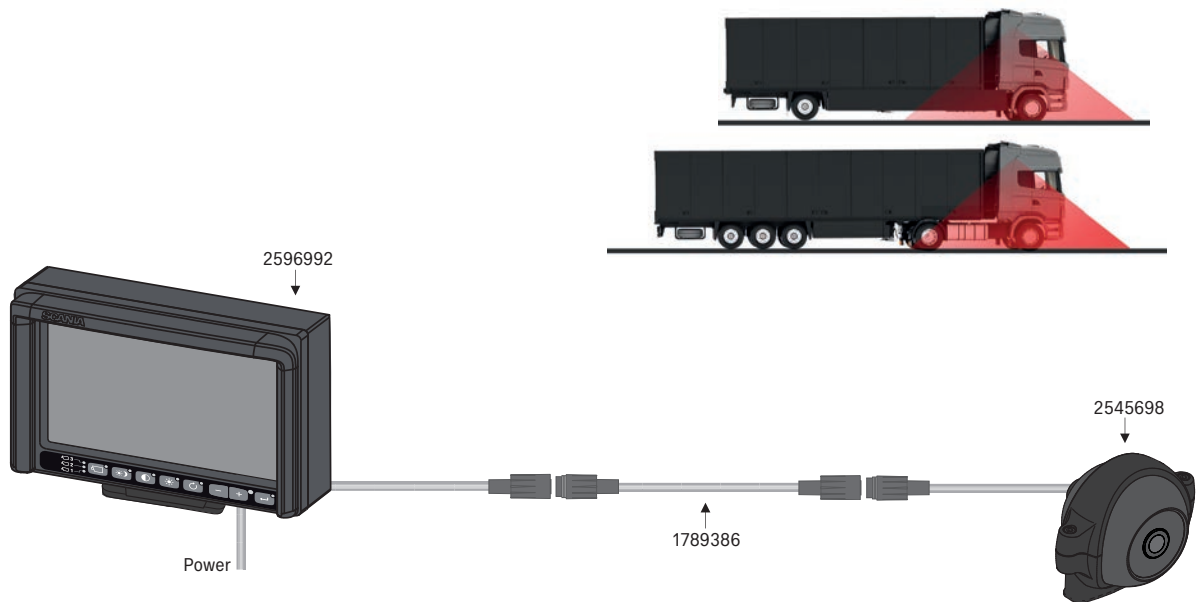

### Tip!

Want to extend your rear view camera (FPC 3832F) with a side view camera? You should order a side view camera 129° (2545698), junction block (1789393) and 5 m cable (1789386).

Side view camera configuration drawing

Learn more about the various installation options for Scania Premium Radio on page 125.

## FAMOS REAR VIEW CAMERA (RIGID TRUCKS ONLY)

The FAMOS rear view camera offers an improved continuous view of the working area immediately behind your vehicle. For safe operation, the monitor in your cab intuitively displays the live feed from the rear camera image as soon as the reverse gear is engaged.

You can choose to display either a mirror image as standard or complement your camera with integrated guidelines when reversing. You can also set continuous or manual operation. In addition, the rear-view camera system can be fitted to both rigid trucks and trailer trucks.

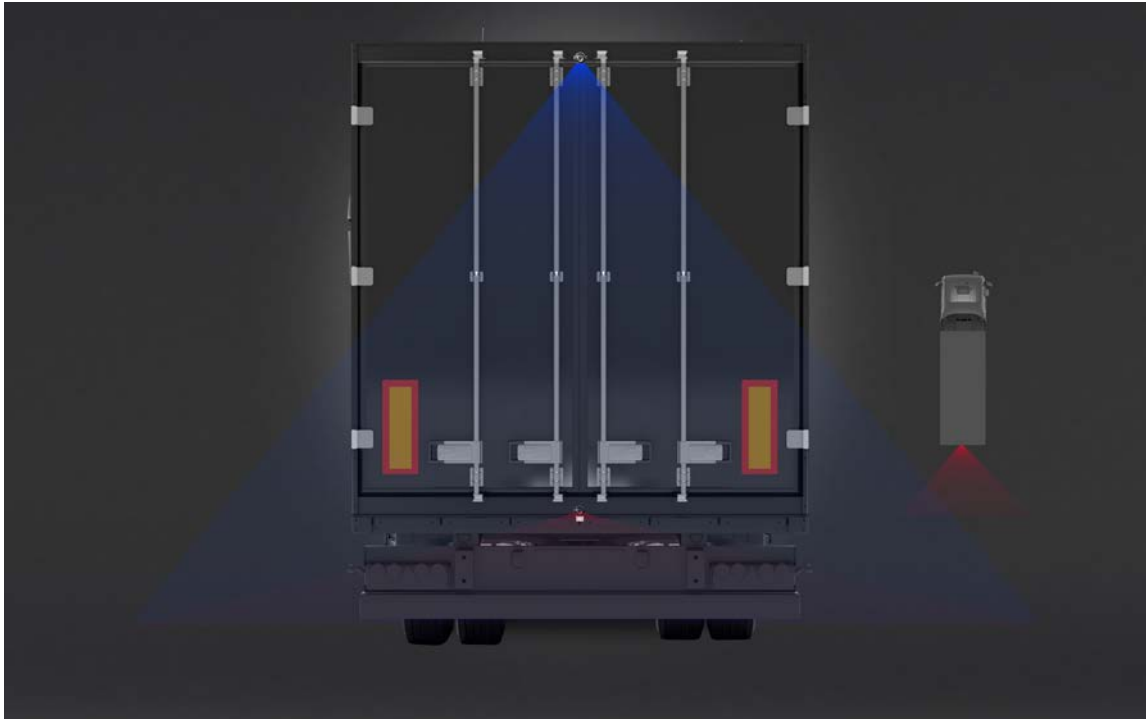

The camera is 100% waterproof, shockproof and features a heated lens glass to prevent the build-up of frost and moisture, guaranteeing operability all weather conditions. For additional safety, the integrated safety ticker detects 'frozen' images, allowing you to also know that the camera is active at all times.

For installation, your cabling depends on your truck combination. In this catalogue, we describe the configuration options for rigid trucks (page 119) and trailer trucks (page 120).

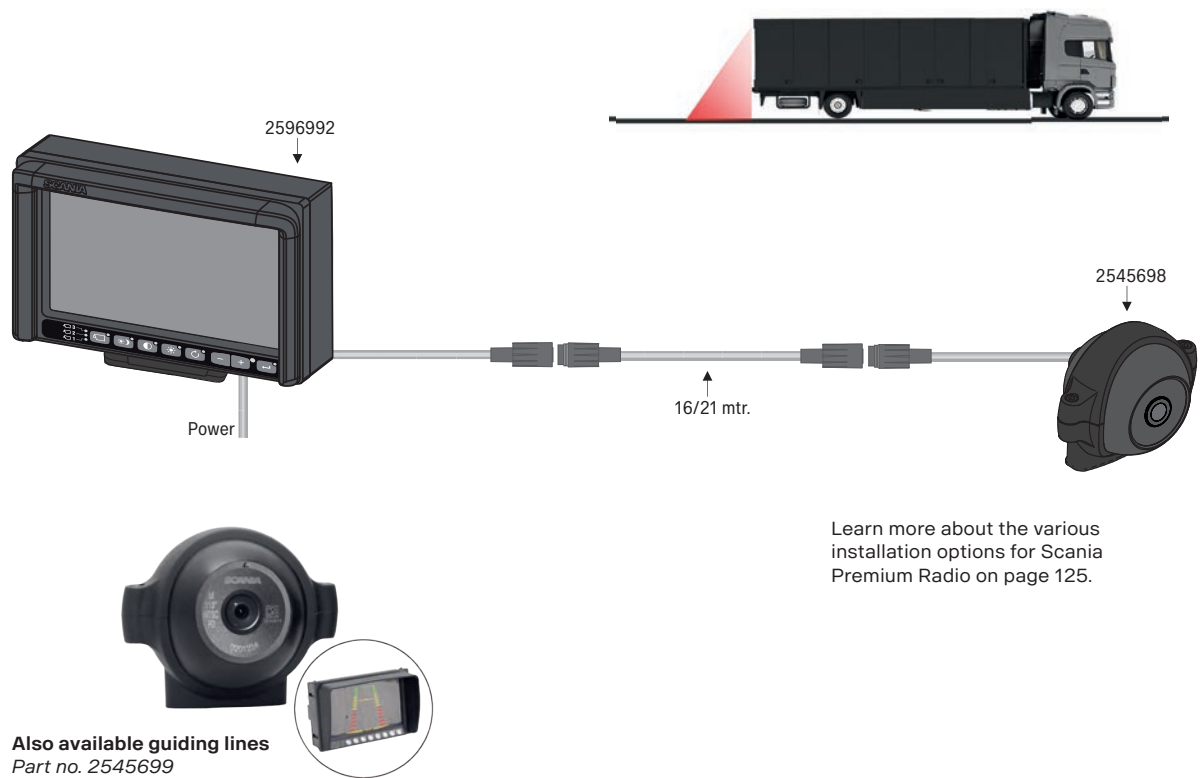

### Tip!

Want to extend your front view camera (FPC 3832F) with a rear view camera? You should order a rear view camera 102° (2545697), rear view camera 102° with guiding lines (2545699) or rear view camera 118° (2545694). In addition, you will also need a junction block (1789393), 16 m cable (1789387) and 21 m cable (1789388).

Famos rear view (rigid truck) configuration drawing

## FAMOS REAR VIEW CAMERA (TRAILER TRUCKS ONLY)

Want to extend your front view camera (FPC 3832F) with a rear-view camera? Choose from a rear-view camera 102o (2545697), rear view camera 102o with guiding lines (2545699), or rear-view camera 118o (2545694).

For installation, your cabling depends on your truck combination. Trailer truck combinations

require an 8m cabin cable (2022517) and cable extension spiral (2022518). For rigid truck combinations, you require both a 16 m cable (1789387) and 21 m cable (1789388). Both truck combinations require a junction block (1789393).

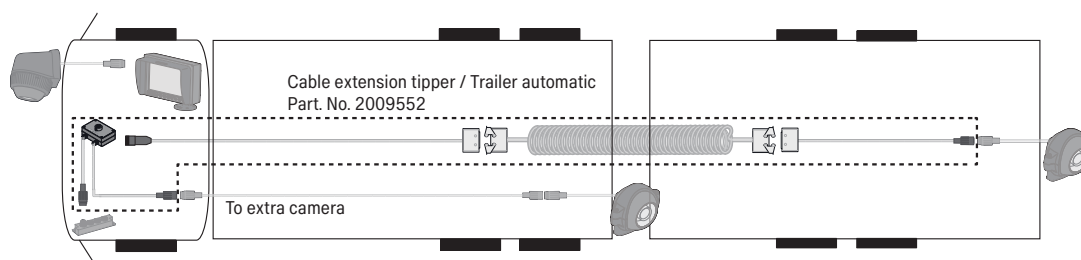

### Tip!

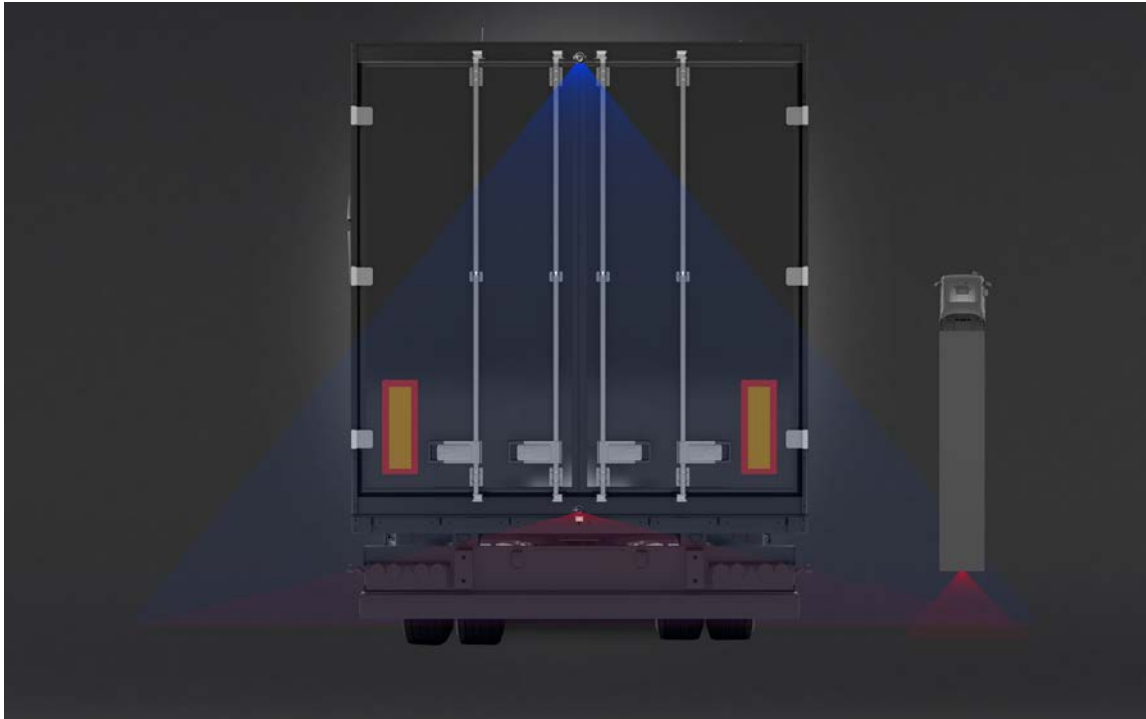

Want to extend your front view camera (FPC 3832F) with a rear view camera? You should order a rear view camera 102° (2545697), rear view camera 102° with guiding

lines (2545699) or rear view camera 118° (2545694). In addition, you will also need a junction block (1789393), 8 m cabin cable (2022517) and cable extension spiral (2022518).

## NOZZLE LENS CLEANER

Your vehicle operates in tough terrain, where the build-up of dust, mud and salt on mirrors, windows and camera lenses can cause potential hazards. The nozzle lens cleaner provides high-pressure cleaning of the camera

lens to guarantee a clear field of vision in all weathers and conditions.

Simply mount your Famos camera in the aerodynamic cover and the nozzle will take care of the rest.

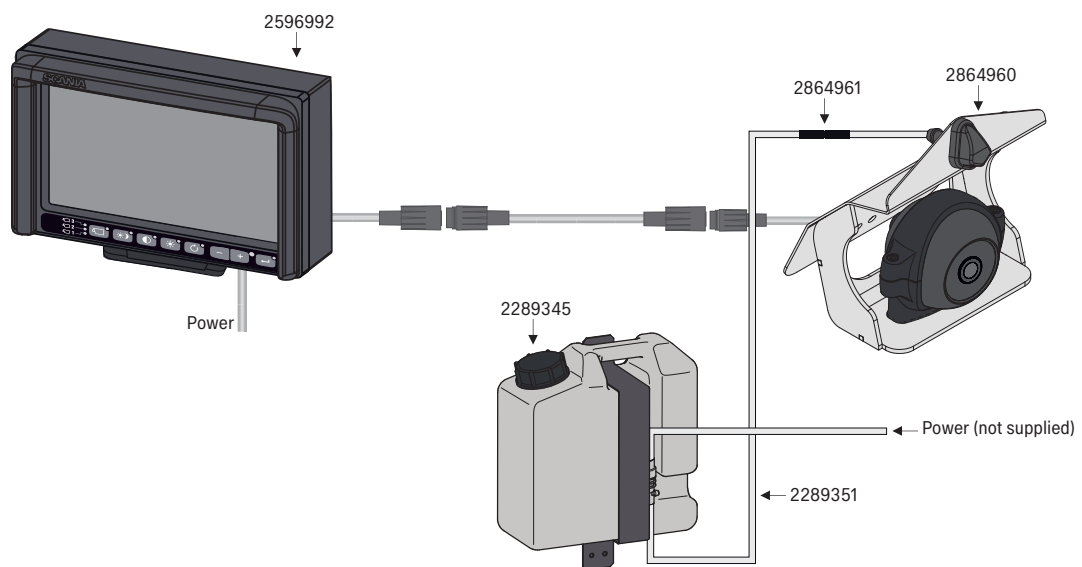

**Tip!**

Already have the front view camera (**FPC 3832F**) and want to extend with a rear-view camera?

Remember to complement your order with an aerodynamic cover and nozzle (2864960), waterhose (2289351), valve (2864961) and ATVC pump (2289345).

Nozzle lens cleaner configuration drawing

## INSTALLATION OPTIONS FOR THE SCANIA PREMIUM RADIO

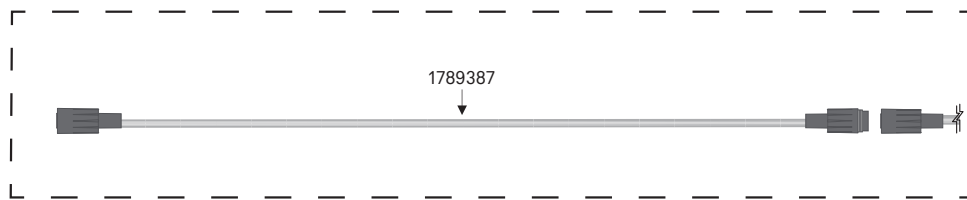

Example of how the front view surveillance is configured

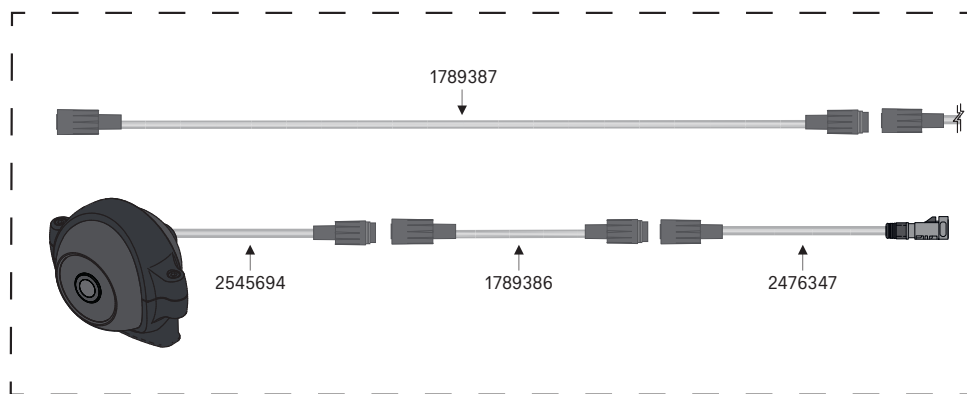

## Options for configuring the rear view solution

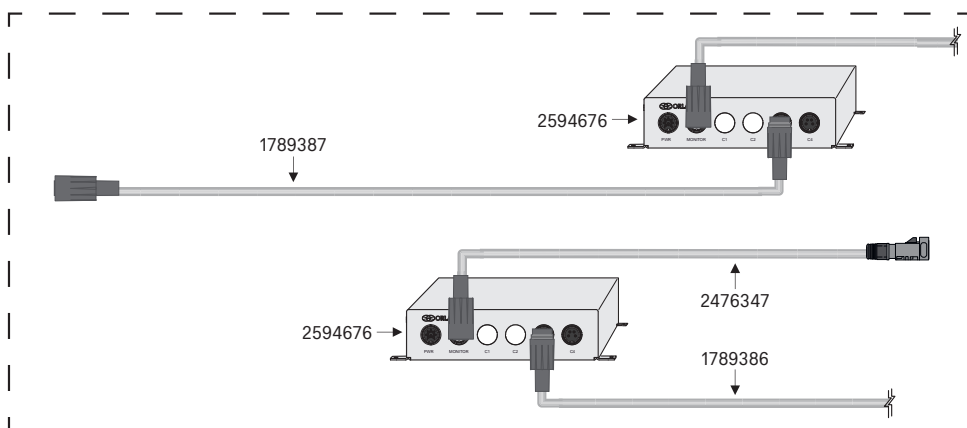

### 1. Configuration for rigid trucks (rear view camera only)

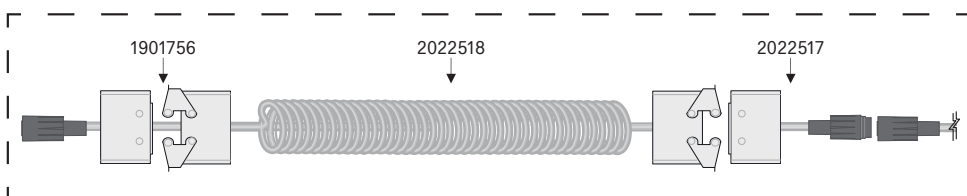

### 2. Configuration for rigid trucks (with front- and rear camera)

### 3. Configuration for rigid trucks (with multiple cameras, up to 8)

### 4. Configuration for trailer trucks

## MONITORS

**Monitor 7" DDIN**  
Fits double din slot.  
Part no. 2245725

**Monitor 7" RLED Z2 PL**  
Includes bracket.  
Part no. 2596992

## MONITOR HOLDERS

**Monitor arm flexible**  
Adjustable arm to fit with Scania 7", 8" and 10" monitors.  
Flexible LHD. Part no. 2724637  
Flexible RHD. Part no. 2724639

**Monitor arm fixed**  
Fixed arm to fit with Scania 7", 8" and 10" monitors.  
Fixed LHD. Part no. 2902545  
Fixed RHD. Part no. 2902546

**Monitor mounting bracket**  
For mounting of the 7" Monitor on the center of the dashboard.  
Part no. 1902784

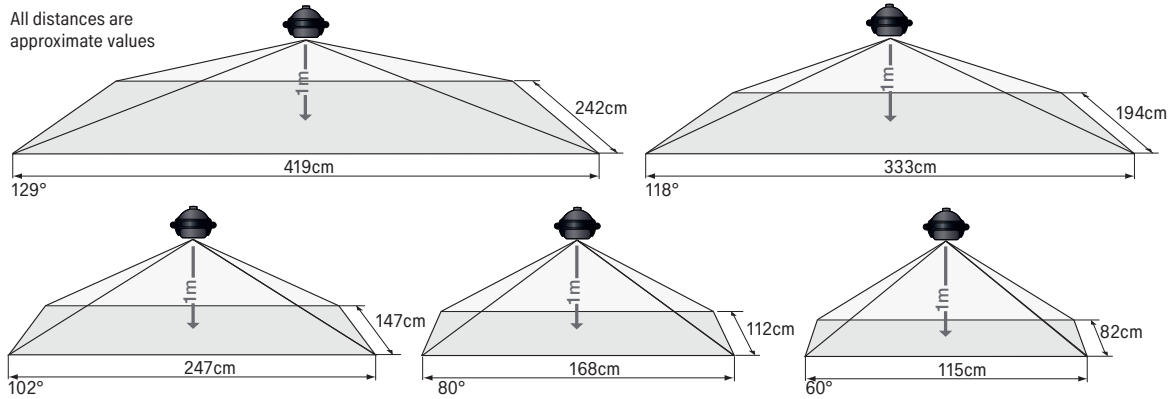

**Monitor mounting bracket DDIN**  
For assembly of the 7" Monitor.  
Part no. 2009551

## VISIBILITY DEPTH CAMERAS

118° IR Mirrored. Part no. 2934424

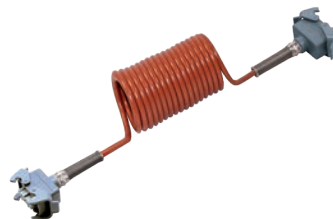

## CABLES

**Cable extension tipper/trailer automatic (Set)**  
Trailer switcher box 1x16 m and 1x21 m cable, spiral cable with 2x10 pin connector, ADR approved.  
*Part no. 2009552*

**Tractor cabin cable**  
8 metres cable to cabin, IP 67, waterproof connectors, ADR approved.  
*Part no. 2022517*

**Cable extension spiral**  
3,5 metres spiral cable, IP 67, waterproof connectors, ADR approved.  
*Part no. 2022518*

**Cable trailer 25 m**  
25 metres cable to trailer, IP 67, waterproof connectors, ADR approved.  
*Part no. 2022518*

**Cables 4 pins**  
4 pin cable, IP 67, oil and petrol resistant, ADR approved.  
2 m. *Part no. 1901754*  
5 m. *Part no. 1789386*  
11 m. *Part no. 1901755*  
16 m. *Part no. 1789387*  
21 m. *Part no. 1789388*

**Cables 7 pins**  
4 pin cable, IP67, waterproof connectors, oil and petrol resistant, ADR approved.  
6 m. *Part no. 2286346*  
11 m. *Part no. 2289347*  
16 m. *Part no. 2289348*  
21 m. *Part no. 2289349*

**Adapter cable to Scania Premium Radio PGR**  
Y-split cable.  
*Part no. 2253547*

**Video signal cable with RCA connector**  
Connect Orlaco camera to 3rd party monitors with RCA connectors.  
*Part no. 2009550*

**Interface to Premium radio NTG**  
Adapter Cable premium radio NTG  
Connects one Orlaco camera to AUS4.  
*The new generation Scania.*  
*Part no. 2476347*

**Complete cable connector kit 10p**  
Spiral cable connectors, IP67, ADR Approved.  
*Part no. 2059120*

**Extension fit Fit For Use with monitor 2407253**  
Special FFU connector.  
*Part no. 2305623*

## SWITCHERS

### 4-Camera switch (third party monitors)

Allows you to connect up to 4 different cameras on for example your Premium radio.  
*Part no. 2594676*

### Junction block

Allows you to connect 3 cameras to 1 monitor.  
*Part no. 1789393*

## HOLDERS

### Bracket for camera (without camera)

With friction pad. Spare part for all cameras.  
*Part no. 2563994*

### Extention bracket (without camera)

The bracket with extension is suitable to mount in front or the side of the cabin.  
*Part no. 2482655*

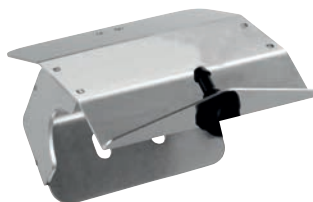

### Bracket Class VI (without camera)

Standard color bracket-cover is black. Plastic material is suitable for spraypainting to spray in cab-color for optimum esthetics of the truck. Spare part.  
*Part no. 2594677*

### Rain cover

Offers extra protection to compact cameras against rain and sun, snow, rocks and dirt.  
*Part no. 2482656*

### Aerodynamic cover with nozzle

Allows connection to fluid pump for cleaning.  
*Part no. 2864960*

## SAFETY CLOTHING

# MAKE SURE YOU CAN BE SEEN

Traffic congestion is constantly increasing and should you have to make a stop in a vulnerable location, it is crucial that you are clearly visible on the road side. Our range of security clothing includes vests and gloves in bright fluorescent colour, as well as robust helmets. Vests are approved in accordance with EN 471 class 2, whereas helmets are EN 397-approved.

#### Flouro fleece

EN471 class 2.

Size XL. Part no. 1854894

Size L. Part no. 1854893

Size M. Part no. 1850807

#### Safety vest, yellow

Fluorescent safety vest with Scania symbol on the back. EN 471 class 2.

Part no. 2029220

#### Safety vest, orange

Fluorescent safety vest with Scania symbol on the back. EN 471 class 2.

Part no. 2029220

#### Helmet with Scania logotype

Lightweight shell with Protector airflow option. New 8-point terylene head harness, adjustable for head sizes 50 to 66 cm. CE certification to EN397 (-30° C) and VDE certification for electrical insulation to 1,000 V.

Helmet. Part no. 2447116

Hook tape. Part no. 2304021

#### Gloves

Hardwearing gloves with fluorescent areas.

Semi lined, size 10. Part no. 1905271

Fully lined, size 10. Part no. 1905272

#### Gloves

Durable and flexible gloves. Full grain oxhide on knuckles and wrist.

Size 8. Part no. 1850805

Size 10. Part no. 1853636

Size 11. Part no. 1853637

#### Safety equipment XT design

Helmet with XT logo on front and fluorescent safety vest with black seams and XT logo on front and back. Vests are classified according to EN 471 class 2.

Safety vest XT. Part no. 2642925 (Orange), 2646489 (Yellow)

Hook tape. Part no. 2304021

## MUD FLAPS

# CARING FOR OTHER ROAD USERS

Mud flaps prevent water spray and wheel splatter from impairing visibility for other road users travelling behind you. While they are a mandatory safety feature, Scania accessories mud flaps also add personality to your vehicle. Choose among several designs as King of the Road, Scania Vabis, V8, XT etc.

#### Scania original spray suppression inserts

Spray suppression is a legal demand in some countries according to regulation 91/226/EG. Scania supplies replaceable inserts for some mud flap applications. Black plastic, with anti-spray surface, cut to exact form and fit.

#### Scania mud flap rear

Scania original rear mud flaps. Scania-branded, black plastic with or without spray suppression. Available in a number of sizes to fit all different chassis heights. For dimensions matching specific chassis numbers, contact your Scania dealer.

#### Scania mud flap front

Scania original front mud flaps. Scania-branded, black plastic with or without spray suppression. Available in a number of sizes to fit all different chassis heights. L/H and R/H versions. For dimensions matching specific chassis numbers, contact your Scania dealer.

#### Rear mudflaps XT

Scania XT rear mudflaps available in selected sizes, of which 3 with spray suppression. Black, with grey XT print.

710x252 mm, w/o spray suppression. Part no. 2628391

710x367 mm, w/o spray suppression. Part no. 2628392

710x238 mm, with spray suppression. Part no. 2628415

710x298 mm, with spray suppression. Part no. 2628416

710x358 mm, with spray suppression. Part no. 2628417

#### Rear mudflaps V8

Scania V8 mudflaps available in selected sizes, of which 3 with spray suppression. Black with silvergrey V8 print.

710x252 mm, w/o spray suppression. Part no. 2748254

710x252 mm, with spray suppression. Part no. 2748265

710x367 mm, w/o spray suppression. Part no. 2748266

710x367 mm, with spray suppression. Part no. 2748267

620x400 mm, w/o spray suppression. Part no. 2748268

620x400 mm, with spray suppression. Part no. 2748269

#### Rear mudflaps SCANIA VABIS

Scania Vabis mudflaps available in selected sizes, of which 3 with spray suppression. Black with gold SCANIA VABIS print.

710x252 mm, w/o spray suppression. Part no. 2748270

710x252 mm, with spray suppression. Part no. 2748271

710x367 mm, w/o spray suppression. Part no. 2748272

710x367 mm, with spray suppression. Part no. 2748273

620x400 mm, w/o spray suppression. Part no. 2748274

620x400 mm, with spray suppression. Part no. 2748275

#### Rear mudflaps SUPER

Scania SUPER mudflaps available in selected sizes, of which 3 with spray suppression. Black with silver grey SUPER print.

710x252 mm, w/o spray suppression. Part no. 2748276

710x252 mm, with spray suppression. Part no. 2748277

710x367 mm, w/o spray suppression. Part no. 2748278

710x367 mm, with spray suppression. Part no. 2748279

620x400 mm, w/o spray suppression. Part no. 2748280

620x400 mm, with spray suppression. Part no. 2748281

#### Rear mudflaps SCANIA V8

Scania V8 rear mud flaps available in one size. Black, with or without spray suppression.

710x250 mm, w/o spray suppression, left. Part no. 1922646

710x250 mm, w/o spray suppression, right. Part no. 1922647

710x252 mm, with spray suppression, left. Part no. 1922448

710x252 mm, with spray suppression, right. Part no. 1922449

#### Rear mudflaps King of the Road

King of the road rear mudflap available in 3 versions, of which 2 with spray suppression. Black plastic, with King of the road print.

710x252 mm, w/o spray suppression. Part no. 2030443

710x252 mm, with spray suppression. Part no. 2030444

710x367 mm, w/o spray suppression. Part no. 2030445

710x367 mm, with spray suppression. Part no. 2030446

620x400 mm, w/o spray suppression. Part no. 2030447

620x400 mm, with spray suppression. Part no. 2031056

2400x380 mm, full width. Part no. 2030448

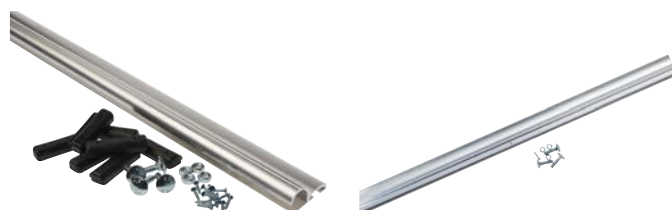

#### Rear mudflap SCANIA, full width

Available in 2 versions. Black or white plastic with Scania trademark. Mounted on the rear underrun protection bar. 2400x380 mm.

Black with Scania trademark in silver. Part no. 2030449

White with Scania trademark in 4 colours. Part no. 2030450

Bracket. Part no. 2063025

#### Bracket

Fit part no. 2030448 to rear underrun protection.

Part no. 2063025

Spare plastic clips.

Part no. 2790811

#### Bracket

Fit part no. 2030447 and 2031056.

Part no. 2030453

#### Rear mudflaps

Most sizes also available with spray suppression.

## EXTERNAL LIGHTING

# HAVE A GOOD LOOK AROUND

Not all lighting equipment and work lamp suppliers provide products with the quality you and we require. At Scania, we are proud of our renowned quality and are fastidious when it comes to selecting partners and suppliers with the same high standards we demand.

By working in close cooperation with industry-leading brands, we feel secure knowing that their knowledge, experience, and standards match our own as well as the needs of our customers. Our wide assortment contains products for all our customers' applications.

### **Hella**

Not only a world-leader in lighting technology and electronic products, Hella is also a long-term supplier of OEM lighting components to the Scania production lines, as well as aftermarket range of products. Our vast assortment of Hella work lamps include both halogen and LED lamps of various types, sizes, and price ranges.

### **Grote**

Grote is an American global manufacturer of lighting components for various industries, including automotive. They are also a major supplier of OEM lighting components for the new Scania truck range, as well as aftermarket,

presenting products with a high-profile design and quality. Our range of lamps from Grote includes an exclusive collection of LED work lamps and reverse lamps, perfectly matched for your Scania.

### **ABL/NBB**

ABL/NBB is a French lighting company with a Scandinavian heritage, and has been a supplier of high-quality lamps and equipment to Scania for several years. The ABL work lamps have a compact and uniform style, making them easy to match to our vehicles. All LED versions in our range are ADR-approved.

### **Cibié**

Founded already in 1919, French company Cibié has a heritage as a main lighting supplier to the French automotive industry and global motorsport. Cibié is owned by the major OEM supplier VALEO, ensuring a high level of technology and quality, to match modern automotive industry standards.

### **Vision X**

As the most recent supplier to be added to our lighting portfolio, Vision X is an innovative American lighting company with premium quality and advanced technology as their hallmark. We have a well-selected range of products for you to choose from, all possessing the typical Vision X modern design and high-end functionality.

### **Other brands**

In line with our extensive co-operation with highly rated brands, we also provide products from Osram and Maxtel.

When specifying the vehicle, we recommend to always include cable preparation for extra lights: Cable prep for roof aux lamps **FPC 5062**. Cable prep for front aux lamps **FPC 5063**.

## CIBIÉ

**Super Oscar, 230 mm, LED, broad beam, LED position lights, black, chrome trim ring, Ref. 27.5**

Full LED spot lamp, black alu housing, chrome trim ring, clear plastic lens, IP67, 12V/24 V.  
Part no. 2447399

**Super Oscar, 230 mm, LED, broad beam, LED position lights, chrome, Ref. 27.5**

Full LED spot lamp, chromed alu housing and trim ring, clear plastic lens, IP67, 12V/24 V.  
Part no. 2447400

**Super Oscar, 230 mm, LED, broad beam, chrome, Ref. 27,5**

Full LED spot lamp, chromed alu housing and trim ring, clear plastic lens, IP67, 12V/24V.  
Part no. 2724786

**Oscar, 180 mm, LED, broad beam, black, chrome trim ring, Ref. 17.5**

Full LED spot lamp, black alu housing, chrome trim ring, clear plastic lens, IP67, 12V/24 V.  
Part no. 2596714

**Oscar, 180 mm, LED, broad beam, chrome, Ref. 17.5**

Full LED spot lamp, chrome alu housing and trim ring, clear plastic lens, IP67, 12V/24 V.  
Part no. 2596713

## NBB/ABL

### NBB Alpha 225 Halogen, with LED Position light, Ref. 25

Halogen spot lamp, 225 mm, broad beam, H1 bulb, not included. Plastic reflector, black, fibre reinforced plastic housing. Clear plastic lens. Grommet version, no cables included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2793607

### NBB Alpha 225 Xenon, with LED Position light, Ref. 20

Xenon spot lamp, 225 mm, broad beam, D1S Xenon bulb, integrated ballast, plastic reflector, black, fibre reinforced plastic housing, clear plastic lens. Grommet version, no cables included, 12V/24V. Recommended D1S replacement bulb: Scania part no. 2022920. Part no. 2793605

### NBB Alpha 225 Halogen, with LED Position light, Ref. 40

Halogen spot lamp, 225 mm, pencil beam, H1 bulb, not included. Plastic reflector, black, fibre reinforced plastic housing. Clear plastic lens. Grommet version, no cables included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2793606

### NBB Alpha 225 Pro Halogen, with LED Position light, Ref. 37.5

Halogen spot lamp, 225 mm, broad beam, H1 bulb, not included. Alu reflector, black alu housing with chrome trim ring, clear hardened glass lens. Grommet version, no cables included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2447612

### NBB Alpha 225 Pro Xenon, with LED Position light, Ref. 45

Xenon spot lamp, 225 mm, broad beam, D1S Xenon bulb, integrated ballast, alu reflector, black alu housing with chrome trim ring, clear hardened glass lens. Grommet version, no cables included, 12V/24V. Recommended D1S replacement bulb: Scania part no. 2022920. Part no. 2447613

### ABL NBB Snowplough headlights

Full LED, with integrated turn indicators and position light. 164x240 mm. 22W high beam and 32W low beam. Black plastic housing, with bracket in rear position. Hardened clear glass lens. Built in DT 6 pin connector. 24 V, with built in resistors, thermal management and reverse polarity protection. IP class IP68-IP69K. EMC CISPR25 class 3. ECE R112, R6, R7. L&R units sold separately.

Left unit for R/H traffic. Part no. 2793591

Right unit for R/H traffic. Part no. 2793592

Left unit for L/H traffic. Part no. 2793593

Right unit for L/H traffic. Part no. 2793594

### NBB Alpha 175 LED Ref. 25

Full LED Spotlamp, 175 mm, Broad beam Ref. 25. Black aluminium housing, Clear polycarbonate lens. LED position lamp function. 35 W. Multivolt 10–30 V. DT 3 pin connector with 0,5 cable included. IP68. EMC R10. Part no. 2793608

### NBB Alpha 225 LED Ref. 50

Full LED Spotlamp 225 mm, Broad beam Ref. 50. Black aluminium housing, Clear polycarbonate lens. LED position lamp function. 50 W. Multivolt 10–30 V. DT 3 pin connector with 0,5 cable included. IP68. EMC R10. Part no. 2793609

## SCANIA RALLYE

### Scania Rallye halogen spot lamp, Ref. 37.5

Classic style spot lamp, 225 mm. Broad beam. Housing made of zinc-plated steel with a matte black finish. Clear glass lens with position light. H3 70 W bulb included. Ref. 37.5. Recommended H3 HD premium replacement bulb: Scania part no. 1905135.  
Part no. 1549350

### Scania Rallye halogen spot lamp clear lens, Ref. 37.5.

**Kit of 4**  
Kit of 4 x 1549350. See technical info above.  
Part no. 1782015

### Classic style rectangular spot lamps 242x136 mm

For PGR-series (pre-Streamline) sun visor. Housing made of zinc-plated steel with a matt black finish. Transparent glass lens. H3 70 W bulb included.

Broad beam, Ref. 17.5. Part no. 1749953

Pencil beam, Ref. 17.5. Part no. 1749955

Broad beam for upright mounting, Ref. 17.5. Part no. 1749962

### Scania Rallye LED compact, Ref. 25

Compact rectangular full LED spotlamp, 139x80 mm, Broad beam. 2 separate reflectors with optical lenses. Multivolt 16–33 V. 33 W, Black aluminium housing, Clear polycarbonate lens. GoreTex membrane valve. Built in cable with DTconnector. IP 69. EMC CISPR25 class 5.  
Part no. 2781600

## SCANIA GRIFFIN

### Scania Griffin LED Ref. 17.5

Rectangular full LED clusterlamp, with position lamp function. 245x158 mm incl. bracket. Broad beam, Cree LEDs 6x8 W, Black aluminium housing. Polycarbonate lens. E-marked. Ref. 17.5. IP 67. Built in cable with AMP connector. Kit incl. transparent stone chip protection cover, with phosphoric Griffin print.  
Part no. 2750272  
Stone chip cover Part no. 2750273

## MAXTEL

### Xenon spot lamp Ref. 27.5

Xenon spot lamp for sun visor and light bar. E-marked. Ref. 27.5. Xenon bulb D1S included. Recommended D1S replacement bulb: Scania part no. 2022920.  
For mounting on light bars. Part no. 2059034  
For mounting in PGR-series (pre-Streamline) sun visor. Part no. 2003203  
Replacement glass. Part no. 2121759

## HELLA RALLYE 3003 LED

### Hella Rallye 3003 LED, broad beam, clear lens, Ref. 25

Hella Rallye 3003 LED, 222 mm, Black plastic housing (identical to halogen versions), with sealed insert, clear lens, full LED with light signature position light.

Part no. 2860455

### Hella Rallye 3003 LED, pencil beam, clear lens, Ref. 50

Hella Rallye 3003 LED, 222 mm, Black plastic housing (identical to halogen versions), with sealed insert, clear lens, full LED with light signature position light.

Part no. 2860456

### LED Insert for upgrade, broad beam, clear lens, Ref. 25

LED Insert for upgrade of Hella Rallye 3003 halogen and Hella Luminator metal/chrome halogen. Sealed insert, full LED with light signature position light.

Part no. 2860457

### LED Insert for upgrade, pencil beam, clear lens, Ref. 50

LED Insert for upgrade of Hella Rallye 3003 halogen and Hella Luminator metal/chrome halogen. Sealed insert, full LED with light signature position light.

Part no. 2860458

## HELLA 3003 COMPACT

### Hella 3003 Compact, broad beam, clear lens Ref. 37.5

Compact version, 172 mm, broad beam, chrome trim ring, clear lens without position light.

Part no. 2596699

### Hella 3003 Compact, broad beam, blue lens Ref. 37.5

Compact version, 172 mm, broad beam, chrome trim ring, blue lens without position light.

Part no. 2596700

## HELLA RALLYE 3003

### Hella Rallye 3003, pencil beam, blue lens, Ref. 50

Hella halogen spot lamp, 222 mm. Black plastic housing with chrome trim ring. Real, clear glass lens, pencil beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2060524

### Hella Rallye 3003, pencil beam, clear lens, Ref. 50

Hella Halogen spot lamp, 222 mm. Black plastic housing with chrome trimring. Real, clear glass lens, pencil beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2060523

### Hella Rallye 3003, broad beam, blue lens, Ref. 37.5

Hella halogen spot lamp, 222 mm. Black plastic housing with silver trim ring. Real, blue glass lens, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 1906615

### Hella Rallye 3003, broad beam, clear lens, Ref. 37.5

Hella halogen spot lamp, 222 mm. Black plastic housing with silver trim ring. Real, clear glass lens, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 1906614

### Hella Rallye 3003, broad beam, clear lens, LED position light, Ref. 25

Hella halogen spot lamp, 222 mm. Black plastic housing with chrome trim ring. Real, clear glass lens, broad beam, with position LED light. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2060525

## HELLA RALLYE 3000

### Hella Rallye 3000, broad beam, blue lens, Ref. 37.5

Halogen spot lamp 222 mm. Black plastic housing, silver coloured trim ring. Broad beam with position light, blue lens. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 1906607

### Hella Rallye 3000, broad beam, clear diffusing lens, Ref. 37.5

Halogen spot lamp 222 mm. Black plastic housing, black coloured trim ring. Broad beam with position light, clear diffusing lens. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 1906605

### Hella Rallye 3000, broad beam, clear lens, Ref. 17.5

Halogen spot lamp 222 mm. Black plastic housing, silver coloured trim ring. Broad beam with position light, clear lens. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134. Part no. 2121473

## HELLA LUMINATOR BLACK LED

### **Hella Luminator Metal Black LED, broad beam, clear lens, Ref. 25**

Hella Luminator Metal Black LED, 233 mm, Black aluminium housing (identical to halogen versions), with sealed insert, clear lens, full LED with light signature position light.  
*Part no. 2860451*

### **Hella Luminator Metal Black LED, pencil beam, clear lens, Ref. 50**

Hella Luminator Metal Black LED, 233 mm, Black aluminium housing (identical to halogen versions), with sealed insert, clear lens, full LED with light signature position light.  
*Part no. 2860452*

## HELLA LUMINATOR BLACK

### **Hella Luminator Metal Black, broad beam, clear lens, Ref. 17.5**

Hella halogen spot lamp, 233 mm. Black metal housing, clear lens, CELIS LED position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 1906611*

### **Hella Luminator Metal Black, broad beam, clear lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Black metal housing, clear lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 1934113*

### **Hella Luminator Metal Black, pencil beam, clear lens, Ref. 50**

Hella halogen spot lamp, 233 mm. Black metal housing, clear lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2254020*

## HELLA LUMINATOR LED AND XENON

### **Hella Luminator LED, pencil beam, clear lens, Ref. 50**

Hella LED spot lamp, 222 mm. Black cast metal housing, chrome trim ring, clear plastic lens, triple reflectors, replacable LED insert, pencil beam. Power consumption 30 W, Multivolt 12–24 V.  
*Part no. 2724785*

### **Hella Luminator Compact LED, broad beam, clear lens, Ref. 45**

Hella LED spot lamp, 181 mm. Black cast metal housing, chrome trim ring, clear plastic lens, dual reflectors, broad beam. Power consumption 11 W, Multivolt 12–24 V.  
*Part no. 2331313*

### **Hella Luminator Xenon, broad beam, clear lens, Ref. 37.5**

Hella Xenon spot lamp, 222 mm. Black cast metal housing, chrome trim ring, clear lens. Built-in electronics, D1S Xenon bulb included.  
*Part no. 2254045*

## HELLA LUMINATOR CHROMIUM LED

**Hella Luminator Chromium LED, broad beam, clear lens, Ref. 25**

Hella Luminator Chromium LED, 233 mm, Chrome aluminium housing (identical to halogen versions), with sealed insert, clear lens, full LED with light signature position light.

Part no. 2860453

**Hella Luminator Chromium LED, pencil beam, clear lens, Ref. 50**

Hella Luminator Chromium LED, 233 mm, Chrome aluminium housing (identical to halogen versions) with sealed insert, clear lens, full LED with light signature position light.

Part no. 2860454

## HELLA LUMINATOR CHROMIUM

**Hella Luminator Chromium Clear, broad beam, clear lens, Ref. 17.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, CELIS LED position light, broad beam. H1 bulb, not included.

Recommended H1 HD premium replacement bulb: Scania part no. 1905134.

Part no. 1906612

**Hella Luminator Chromium Clear, broad beam, clear lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, position light, broad beam. H1 bulb, not included. Recommended H1

HD premium replacement bulb: Scania part no. 1905134.

Part no. 1934114

**Hella Luminator Chromium Clear, broad beam, clear lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, LED position light, broad beam. H1 bulb, not included.

Recommended H1 HD premium replacement bulb: Scania part no. 1905134.

Part no. 2254023

**Hella Luminator Chromium Clear, broad beam, clear diffusing lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, clear diffusing lens, position light, broad beam. H1 bulb, not included.

Recommended H1 HD premium replacement bulb: Scania part no. 1905134.

Part no. 1906609

**Hella Luminator Chromium Clear, pencil beam, clear lens, Ref. 50**

Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, position light, pencil beam. H1 bulb, not included. Recommended H1

HD premium replacement bulb: Scania part no. 1905134.

Part no. 2254021

**Hella Luminator Chromium Clear Compact, broad beam, clear lens, Ref. 37.5**

Hella halogen spot lamp, 170 mm. Chrome metal housing, clear lens, position light, broad beam

H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania

part no. 1905134.

Part no. 2596701

## HELLA LUMINATOR CHROMIUM BLUE

### **Hella Luminator Chromium Blue, broad beam, blue diffusing lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, blue diffusing lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 1906610*

### **Hella Luminator Chromium Blue, broad beam, blue lens, Ref. 37.5**

Hella halogen spot lamp, 233 mm. Chrome metal housing, blue lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 1906613*

### **Hella Luminator Chromium Blue, pencil beam, blue lens, Ref. 50**

Hella halogen spot lamp, 233 mm. Chrome metal housing, blue lens, position light, pencil beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2254022*

### **Hella Luminator Chromium Blue Compact, broad beam, blue lens, Ref. 37.5**

Hella halogen spot lamp, 170 mm. Chrome metal housing, blue lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2596702*

## HELLA SNOWPLOUGH HEADLIGHT

### **Hella plough headlight replacement kit**

Kit containing 1 pair of Hella replacement headlights with direction indicators, suitable for Scania plough bar part no. 2433073. Kit contains of Hella headlights. 1 x Scania part no. 2767894 + 1 x part no. 2767908. (Left- and right-hand parts).  
*Part no. 2767911*

## HELLA JUMBO 320

### Hella Jumbo 320, broad beam, clear lens, LED position light, Ref. 37.5

Hella halogen spot lamp, 245x141 mm. Black plastic housing, clear lens with LED position light, broad beam. H7 bulb, not included. Recommended H7 HD premium replacement bulb: Scania part no. 1905137.

Part no. 1934120

### Hella Jumbo 320, broad beam, clear lens, position light, Ref. 37.5

Hella halogen spot lamp, 245x141 mm. Black plastic housing, clear lens with position light, broad beam. H7 bulb, not included. Recommended H7 HD premium replacement bulb: Scania part no. 1905137.

Part no. 1906621

## HELLA JUMBO 220

### Hella Jumbo 220, broad beam, clear lens, Ref. 37.5

Hella Halogen spot lamp, 242x133 mm. Black plastic housing with chrome trimring, clear lens. H3 bulb, not included. Recommended H3 HD premium replacement bulb: Scania part no. 1905135.

Part no. 1906618

### Hella Jumbo 220, broad beam, blue lens, Ref. 37.5

Hella Halogen spot lamp, 242x133 mm, black plastic housing with chrome trim ring, blue lens. H3 bulb, not included. Recommended H3 HD premium replacement bulb: Scania part no. 1905135.

Part no. 1906620

### Hella Jumbo 220, broad beam, clear lens, Ref. 37.5

Hella Halogen spot lamp, 242x133 mm. Black plastic housing with black coloured trim ring, clear lens. H3 bulb, not included. Recommended H3 HD premium replacement bulb: Scania part no. 1905135.

Part no. 1906619

### Hella Jumbo 220, fog lamp, clear diffusing lens

Hella halogen fog lamp, 242x133 mm. Black plastic housing with black coloured trim ring, clear diffusing lens. H3 bulb, not included. Recommended H3 HD premium replacement bulb: Scania part no. 1905135.

Part no. 1911972

## LED BAR SPOT LAMPS

# COMPACT BRIGHTNESS

Highly effective LEDs mounted in clusters, create a new type of spot lamp: the so called LED bars, that outperform traditionally shaped halogen lamps. The design of the LED bars allows flush mounting, reducing drag and saving fuel. Through our co-operation with Vision X, Hella and Osram, we are able to offer a well-selected range of E-marked LED bars, with perfect fit to both Scania trucks, bus and coaches.

## HELLA

### Hella LED 350, LED bar spot lamp

Compact and lightweight LED bar spot lamp from Hella. 12 LED, 25 W. Plastic housing with built-in cooling fins. Multivolt 12–24 V, ECE approved: E24. Delivered with 2 flexible mounting brackets and 2 m cable with open ends. Possible to mount in all positions. Weight: 690 g. Length: 350 mm. Height: 56 mm.

*Broad beam, Ref. 20. Part no. 2660028*

*Pencil beam, Ref. 30. Part no. 2660029*

### Hella LED 470, LED bar spot lamp, Ref. 25

Compact and lightweight LED bar spot lamp from Hella. 16 LED, 35 W. Plastic housing with built-in cooling fins. Multivolt 12–24 V, ECE approved: E24. Delivered with 2 flexible mounting brackets and 2 m cable with open ends. Possible to mount in all positions. Weight: 950 g. Length: 528 mm. Height: 57 mm.

*Broad beam, Ref. 25. Part no. 2660030*

*Pencil beam, Ref. 37.5. Part no. 2660031*

## VISION X

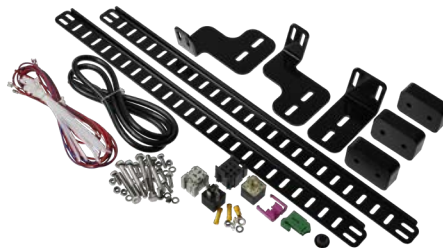

### Bracket kit for LED bar in NTG sun visor

Bracket kit for flush-mounting in the NTG sun visor. All Vision X LED bar spot lamps in the Scania Accessory assortment can be fitted to this bracket. Cable preparation **FPC 3024A** is strongly recommended (lamps are not included).

*Kit for 1 lamp. Part no. 2709236*

*Kit for 2 lamps. Part no. 2709237*

### Bracket for large LED bars in PRG-series Streamline sun visor

Bracket for mounting of large Vision X LED bar spot lamps in Scania Streamline sun visor. Suitable for mounting of lamp part no. 2536259, 2536260, 2536261, 2536262, 2536263, and 2536264.

*Part no. 2536267*

## VISION X LED UPGRADE KITS

### LED upgrade kit with Griffin print

LED upgrade/halogen replacement kit for the classic Scania PGR-series sun visor. With phosphoric Griffin print. Kit contains 2 x metal brackets to fit 4 x Vision X Optimus 10 W LED lamps (x 2 per side). 15-degree beam pattern, with optional halo/position light function. Ref. 7.5. Phosphoric Griffin printed on 2 x lamps per kit. Cable harness included. Note: Optional halo function may not be applicable with local legislation on all markets.

Part no. 2617856

### LED upgrade kit without Griffin print

LED upgrade/halogen replacement kit for the classic Scania PGR-series sun visor. Without phosphoric Griffin print. Kit contains 2 x metal brackets to fit 4 x Vision X Optimus 10 W LED lamps (x 2 per side). 15-degree beam pattern, with optional halo/position light function. Ref. 7.5. Cable harness included. Note: Optional halo function may not be applicable with local legislation on all markets.

Part no. 2617857

**Vision X LED spot lamp kit, pencil beam, Ref. 17.5**  
LED cluster spot lamp kit. "Plug and play" for PGR-series Streamline sun visor as halogen spot lamps replacement. Containing 2 x spot lamps part no. 2390145 and 2 x brackets. Black alu housing, clear polycarbonate lens, 12 LEDs, Scania version including cable with Tyco connector, 24 V, IP68, E9.  
Part no. 2461247  
Separate bracket. Part no. 2390146

**Vision X LED spot lamp kit, broad beam, Ref. 17.5**  
LED cluster spot lamp kit. "Plug and play" for PGR-series Streamline sun visor as halogen spot lamps replacement. Containing 2 x spot lamps part no. 2484670 and 2 x brackets. Black alu housing, clear Polycarbonate lens, 12 LEDs, Scania version including cable with Tyco connector, 24 V, IP68, E9.  
Part no. 2484671  
Separate bracket. Part no. 2390146

**Vision X LED spot lamp, pencil beam, Ref. 17.5**  
LED cluster spot lamp, possible to fit in PGR-series Streamline sun visor, replacing Scania halogen spot lamps. Black alu housing, clear polycarbonate lens, 12 LEDs, Scania version including cable with Tyco connector, 24 V, IP68, E9.  
Part no. 2390145

**Vision X LED spot lamp, broad beam, Ref. 17.5**  
LED cluster spot lamp, possible to fit in PGR-series Streamline sun visor, replacing Scania halogen spot lamps. Black alu housing, clear polycarbonate lens, 12 LEDs, Scania version including cable with Tyco connector, 24 V, IP68, E9.  
Part no. 2484670

## VISION X

**Vision X XILPX 18, pencil beam, Ref. 25**  
LED cluster spot lamp in the same family as part no. 2390145. Black alu housing, clear polycarbonate lens, double row, 18x5 W LEDs, pencil beam 10-degree light distribution. Effective lumens: 6660. DT connector 24 V, IP68. H 75xD 85xW 282 mm excl. brackets.  
*Part no. 2536259*

**Vision X XILPX 18, broad beam, Ref. 25**  
LED cluster spot lamp in the same family as part no. 2484671. Black alu housing, clear polycarbonate lens, double row, 18x5 W LEDs, broad beam 25-degree light distribution. Effective lumens: 6660. DT connector 24 V, IP68. H 75xD 85xW 282 mm excl. brackets.  
*Part no. 2536260*

**Justera rubrik: Vision X XILPX 36, pencil beam, Ref. 37,5**  
LED cluster spot lamp in the same family as part no. 2536260. Black alu housing, clear polycarbonate lens, double row, 36x5 W LEDs, combination of broad beam and pencil beam. 25-degree light distribution for outer 6 LEDs cluster and 10-degrees for the 24 LEDs in the midsection. Effective lumens: 13320. DT connector 24 V, IP68. H 75xD 85xW 525 mm excl. brackets.  
*Part no. 2536261*

**Justera rubrik: Vision X XPR 9, pencil beam, Ref. 45**  
LED cluster spot lamp. Black alu housing, clear polycarbonate lens, single row, 9x10 W LEDs, pencil beam, 5-degree light distribution. DT connector 24 V. Effective lumens: 6795. 2 different types of brackets included. IP68. H 70xD 80xW 476 mm excl. brackets.  
*Part no. 2536262*

**Justera rubrik: Vision X XPR 9, broad beam, Ref. 20**  
LED cluster spot lamp. Black alu housing, clear polycarbonate lens, single row, 9x10 W LEDs, broad beam, 6.5/70 degree light distribution. DT connector 24 V. Effective lumens: 6795. 2 different types of brackets included. IP68. H 70xD 80xW 476 mm excl. brackets.  
*Part no. 2536263*

**Justera rubrik: Vision X XPR 12, broad beam, Ref. 30**  
LED cluster spot lamp. Black alu housing, clear polycarbonate lens, single row, 12x10 W LEDs, broad beam, 6.5/70 degree light distribution. DT connector 24 V. Effective lumens: 9064. 2 different types of brackets included. IP68. H 70xD 80xW 558 mm excl. brackets.  
*Part no. 2536264*

**Vision X XPRH9E Halo Ref. 45**  
LED cluster spot lamp. Updated version of part no. 2536262, including optional Halo function. Black alu housing, clear polycarbonate lens, single row, 9x10 W LEDs, pencil beam, 5-degree light distribution. DT connector 24 V. Effective lumens: 6795. 2 different types of brackets included. IP68. H 70xD 80xW 476 mm excl. brackets.  
*Part no. 2709226*

**Vision X XPRH9ME Halo Ref. 20**  
LED cluster spot lamp. Updated version of part no. 2536263, including optional Halo function. Black alu housing, clear polycarbonate lens, single row, 9x10 W LEDs, broad beam, 6.5/70-degree light distribution. DT connector 24 V. Effective lumens: 6795. 2 different types of brackets included. IP68. H 70xD 80xW 476 mm excl. brackets.  
*Part no. 2709227*

**Vision X XPRH12ME Halo Ref. 30**  
LED cluster spot lamp. Updated version of part no. 2536264, incl. optional Halo function. Black alu housing, clear polycarbonate lens, single row, 12x10 W LEDs, broad beam, 6.5/70-degree light distribution. DT connector 24 V, Effective lumens: 9064. 2 different types of brackets included. IP68. H 70xD 80xW 558 mm excl. brackets.  
*Part no. 2709228*

**Vision X XPR H6E Halo Ref. 25**  
LED cluster spotlamp. Black alu housing, clear polycarbonate lens, single row, 6x10 W LEDs, broad beam. DTconnector 24 V, Effective Lumens: 4531. 2 different types of brackets included. IP68. H 70xD 80xW 292 mm excl. brackets.  
*Part no. 2786407*

## OSRAM

**Osram LEDriving FS250-SP, Ref. 37,5**

LED cluster spot lamp. Black aluminium housing. Polycarbonate lens. Pencil beam light pattern, 5 degree beam angle. 10 LEDs. 35 W. Multivolt 12–24 V. Reverse polarity protection. Integrated thermal management. Cable 1000 mm. IP 67. ECE R10, R112. H 77xD 93,5xW 400 mm, incl. brackets.

Part no. 2839290

**Osram LEDriving FS250-CB, Ref. 27,5**

Black aluminium housing. Polycarbonate lens. Combined broad and pencil light pattern, 5 degree beam angle. 10 LEDs. 35 W. Multivolt 12–24 V. Reverse polarity protection. Integrated thermal management. Cable 1000 mm. IP67. ECE R10, R112. H 77xD 93,5xW 400 mm, incl. brackets.

Part no. 2839291

**Osram LEDriving FS500-SP, Ref. 45**

Black aluminium housing. Polycarbonate lens. Pencil beam light pattern, 5 degree beam angle. 20 LEDs. 36 W. Multivolt 12–24 V. Reverse polarity protection. Integrated thermal management. Cable 1000 mm. IP67. ECE R10, R112. H 77xD 93,5xW 655 mm, incl. brackets.

Part no. 2839292

**Osram LEDriving FS500-CB, Ref. 45**

Black aluminium housing. Polycarbonate lens. Combined broad and pencil light pattern, 5 degree beam angle. 20 LEDs. 68 W. Multivolt 12–24 V. Reverse polarity protection. Integrated thermal management. Cable 1000 mm. IP67. ECE R10, R112. H 77xD 93,5xW 655 mm, incl. brackets.

Part no. 2839293

#### WORK AND REVERSE LAMPS

# LIGHT UP YOUR WORK

Working in low light is not only dangerous and ineffective, but also avoidable – our range of work and reverse lamps includes everything you will need, both to manoeuvre your vehicle and work safely around it. The range consists of products from leading brands like ABL, Grote, Hella, and Vision X.

MARKER LIGHTS, DRL AND TAIL LIGHTS, LAMP PROTECTION

# BE SEEN FROM A DISTANCE

Legislation is constantly being updated, and it is crucial to keep the truck in order to meet new legal requirements. In this range of OEM products you will find a number of LED upgrades for mandatory products, such as DRL (daytime running lights), tail lights, and EOLs (end marker lamps). To highlight your company profile, there is also a LED upgrade kit for the PGR-series Topline roof sign.

#### Roof sign illumination LED upgrade

6 x kit part no. 2298399 for upgrading roof sign from bulb version to LED.

#### Roof sign illumination LED upgrade kit

Replace the old bulb type illumination lamps with the latest LED version. Each assembly contains 6 long life LEDs which provide extremely high light output. Kit contains 1 lamp assembly part no. 2293241 and 2 fixing screws.  
*Part no. 2298399*

#### Scania LED end outline marker lamp

Marker lamp for the PGR- and 4-series sun visor, for upgrade or replacement. LED technology provides a bright light, long service life, and low power consumption compared to bulb version.

*White lens. Part no. 2035104*

*Amber lens. Part no. 2035105*

#### Scania LED end outline marker lamp

5 x p/n 2035104 mounted.

**Scania LED combination lamps kit**

LED tail light combination kit including stop, indicator, number plate light, reversing alarm. Kit includes both clusters: left (combines number plate light) and right (includes reverse alarm) plus adapter plates.  
Part no. 2273861

**LED tail lamp**

General purpose LED tail lamp suitable for heavy duty environment. Nice design and long service life. Functions: direction indicator, tail light, brake light, fog light, reverse light, and integrated rectangular reflex.  
Part no. 1884604

**Hella DRL kit**

General purpose DRL kit from Hella, including 2 rectangular lamps.

Part no. 2008003

**Hella DRL kit**

General purpose DRL kit from Hella, including 2 round lamps.

Part no. 2008002

**Scania DRL LED kit**

Daytime running light, LED version for PGR-series bumper, fog lamp position. Kit of 1 left-hand and 1 right-hand, for upgrade or replacement. LED technology provides long service life and low energy consumption.

Part no. 1935157

**Scania DRL LED**

Daytime running light, LED version for PGR-series bumper, fog lamp position.

Left-hand unit. Part no. 2127431

Right-hand unit. Part no. 2127432

**Bumper lamp protection kit**

Scania-branded transparent plastic covers, to protect the bumper lamps from stone chip damage. Fits most PGR-series trucks produced up to November 2009. Not for protruding bumpers. Sold in packs of 4.

Part no. 1750530

**Bumper lamp protection kit**

Scania-branded transparent plastic covers, to protect the bumper lamps from stone chip damage. Fits PGR-series trucks produced after November 2011. Not for protruding bumpers. Sold in packs with 2 oval and 2 round protectors.

With bumper part no. 1923742/43 and 1923744/45.

Part no. 2030727

With bumper part no. 1865182/83, 1884914/915, 1926448 and 1929904. Part no. 2030486

#### PRG series lamp guard kits

Steel grid lamp protection kits for PGR-series with protruded bumper, without Xenon lights. Includes lamp guards and all mounting hardware needed for fitting.

*Complete kit for both left-hand and right-hand lamp protectors (includes 2411863 + 2411264). Part no. 1859813*

*Left-hand kit. Part no. 2411864*

*Right-hand kit. Part no. 2411863*

#### 4 series lamp guard kits

Steel grid lamp protection kits for 4-series trucks with steel or plastic bumper. Includes lamp guards and all mounting hardware needed for fitting.

*Left-hand kit. Part no. 581307*

*Right-hand kit. Part no. 581308*

ROTATING BEACONS

# CONFIRM YOUR LOCATION

When working on the roadside in heavy traffic, or on a construction site close to people, safety is always an issue. Compact, cost-effective, and easy-to-mount rotating beacons ensure others can see you while you safely carry out your tasks. Main suppliers to this range are Scania/Bosch, Grote, and Hella.

#### Grote rotating beacon

LED beacon 12–24 V 10.8 W. For flush mount. Amber lens and black plastic socket. No moving parts. Flashing or rotating light pattern possible. Short pre-mounted cables with open ends. IP65. Reverse polarity protection. Socket diameter 153 mm, height 120 mm. Type approvals ECE-R65, E11-00207, E2-0010245. Rotating/Flashing LED.  
Part no. 2546911

#### Scania rotating beacon

Scania halogen rotating beacon, 24 V H1 70 W. For flush mount. Amber lens and black plastic/metal socket with separate rubber base plate. Screw drive. H1 bulb including pre-wired with 2 short wires. IP65. Diameter 150 mm, height 225 mm including rubber base plate. Type approvals ECE-R65, E2-0089004, EMC 95-54- CE 002600, E6-72245.  
Part no. 583195

#### Scania rotating beacon

Scania halogen rotating beacon, 24 V H1 70 W. For flush mount. Amber lens and black plastic open socket, with separate rubber base gasket. Replaceable cover. Screw drive, built in socket. H1 bulb including pre-wired internally. IP5K9K. Diameter 150 mm, height 195 mm including rubber base gasket. Type approvals ECE-R65, E3-007166, ECE R10 E3-10R 041213.  
Part no. 2264158

#### Adapter plate for beacons

For Scania/KAMA METEC lightbars. Used with bracket part no. 2203838.  
Part no. 2203837

#### Scania rotating beacon bracket

Plastic/aluminium beacon bracket to fit the Scania NTG roof rail system. This easy to fit bracket, makes it possible to mount traditional beacons to the rail system. No drilling required.  
Part no. 2184695

**Hella rotating beacon KL Junior F**

Halogen rotating beacon 24 V, H1 70 W. Amber lense and socket. Flat mount. Reverse polarity protection. Diameter 137 mm, height 173 mm. Type approvals ECE-R65, E1-002182. E4-06514.  
Part no. 1906692

**Hella rotating beacon KL Junior R**

Halogen rotating beacon 12 V, H1 55 W. Amber lense and socket. Tube mount. Reverse polarity protection. Diameter 137 mm, height 173 mm. Type approvals ECE-R65, E1-002182. E4-06514.  
Part no. 1911995

**Hella rotating beacon KL Junior M**

Halogen rotating beacon 24 V, H1 70 W. Amber lense and socket for flat mount as KL Junior f. but with spiral cable and cigarette lighter socket. Reverse polarity protection. Diameter 137 mm, height 173 mm. Type approvals ECE-R65, E1-002182. E4-06514.  
Part no. 1906692

**Hella rotating beacon KL 7000 F**

Halogen rotating beacon 24 V 70 W 3.5 Amp. For flush mount. Amber lense and socket. Double drive belts. IP5K4K and IP9K. Reverse polarity protection. Diameter 155 mm, height 194 mm. Type approvals ECE-R65, E1-001241. EMC class 5, E1-021470. 24 V. Part no. 1906697  
12 V. Part no. 1934214

**Hella rotating beacon KL 7000 FL**

Halogen rotating beacon 24 V 70 W 3.5 Amp. As 7000F but for tube mount. Amber lense and black amber socket. Double drive belts. IP5K4K and IP9K. Reverse polarity protection. Diameter 155 mm, height 240 mm. Type approvals ECE-R65, E1-001241. EMC class 5, E1-021470.  
Part no. 1934215

**Hella rotating beacon KL 7000 R**

Halogen rotating beacon 24 V 70 W 3.5 Amp. As 7000FL with narrow socket for tube mount. Amber lense and socket. Double drive belts. IP5K4K and IP9K. Reverse polarity protection. Diameter 135 mm, height 221 mm. Type approvals ECE-R65, E1-001241. EMC class 5, E1-021470.  
Part no. 1911998

**Hella rotating beacon KL Rotafix F**

Compact halogen rotating beacon 24 V 70 W, 3.5 Amp. Amber lense and black socket, for flat mount. IP5K4K and IPX9K. Reverse polarity protection. Diameter 135 mm, height 174 mm. Type approvals ECE-R65, E4-006509. EMC class 3, E1-032181.  
Part no. 1906688

**Hella rotating beacon KL Rotafix FL**

Compact halogen rotating beacon 24 V 70 W, 3.5 Amp. Amber lense and black socket as Rotafix F, but for tube mount. IP5K4K and IPX9K. Reverse polarity protection. Diameter 135 mm, height 174 mm. Type approvals ECE-R65, E4-006509. EMC class 3, E1-032181.  
Part no. 1906686

**Hella rotating beacon KL Rotafix M**

Compact halogen rotating beacon 24 V 70 W, 3.5 Amp. Amber lense and black socket, for flat mount as Rotafix F, but with spiral cable and cigarette lighter socket. IP5K4K and IPX9K. Reverse polarity protection. Diameter 135 mm, height 174 mm. Type approvals ECE-R65, E4-006509. EMC class 3, E1-032181.  
Part no. 1911993

#### Hella rotating beacon Rota LED F

Flat, compact LED rotating beacon. Multivolt 10–32 V, 10 W, 0,4 Amp. No moving parts. Amber lense and black socket, for flat mount. IP5KX, IPX4K and IPX9K. Reverse polarity protection. Diameter 135 mm, height 124 mm. Type approvals ECE-R65, E1-003109. E1-033517.

Part no. 2254050

#### Hella rotating beacon Rota LED FL

Flat, compact LED rotating beacon. Multivolt 10–32 V, 10 W, 0,4 Amp. No moving parts. Amber lense and black socket, for tube mount. IP5KX, IPX4K and IPX9K. Reverse polarity protection. Diameter 165 mm, height 183 mm. Type approvals ECE-R65, E1-003109. E1-033517.

Part no. 2254051

#### Hella rotating beacon Rota LED M

Flat, compact LED rotating beacon. Multivolt 10–32 V, 10 W, 0,4 Amp. No moving parts. Amber lense and black socket, as Rota LED F, but with spiral cable and cigarette lighter socket. IP5KX, IPX4K and IPX9K. Reverse polarity protection. Diameter 135 mm, height 126 mm. Type approvals ECE-R65, E1-003109. E1-033517.

Part no. 2254052

#### Hella flashing warning lamp KLX 7000 F

Xenon flashing beacon 24 V 1.6 Amp. For flush mount. Amber lense and silver coloured socket. IP5K4K and IPX9K. Reverse polarity protection. Diameter 157 mm, height 205 mm. Type approvals ECE-R65, EMC class 5. E1-031889

Part no. 1906700

#### Hella heavy duty flashing beacon, UltraRay

Heavy Duty LED flashing beacon. Multivolt 10–30 V, 22 W max, 0,9 Amp. Doubled lighting systems. No moving parts. Amber polycarbonate lens and yellow socket, for flat mount. Water protection class: IP6K7, IP 6K9K. Reverse polarity protection. Diameter 169 mm, height 123 mm. Type approvals ECE-R65, E1-004442. EMC ECE R10 RCM. ADR approval.

Part no. 2728927

#### Hella universal flashing/rotating beacon, K-LED 2.0

Flat, compact LED rotating and flashing beacon. Multivolt 10–32 V, 30 W max, 0,45–2.5 Amp. Programmable with 16 signal types. No moving parts. Amber lense and grey socket, for flat mount. IP67. Reverse polarity protection. Diameter 169 mm, height 88 mm. Type approvals ECE-R10, E1-036816. EMC Class 5. E1-03468. ADR approval. Adapter p/n 2740946 recommended to fit Scania rail bracket p/n 2184695.

Part no. 2286673

#### Hella universal flashing/rotating beacon K-LED Rebelution

K LED Rebelution. Flat compact LED, rotating or flashing beacon. Multivolt 10–30 V, 12–14 W. Patented innovative LED technology. No moving parts. Black aluminium housing. Ring shaped polycarbonate light band/lens. Black socket for flat mount. Water protection class: IP6K7, IP6K9K. Reverse polarity protection. Thermal management. Diameter 149 mm, height 61 mm. Type approvals ECE-R10, ECE R65 Cl 1. EMC Class 5. ADR approval.

Rotating light pattern. Part no. 2860449

Flashing light pattern. Part no. 2860450

TRAFFIC WARNING SYSTEMS AND STROBE FLASHERS

# SEND A VISUAL MESSAGE

Featuring similar functions as rotating beacons, the efficient traffic warning systems and strobe flashers make sure you have caught the attention of others in your vicinity. The products and solutions in this range come in a variety of sizes and are supplied by Federal Signal, Juluen and Hella.

## FEDERAL SIGNAL TRAFFIC WARNING SYSTEMS

**Aurum low profile, amber LED warning system with empty modules mid backside. 1778 mm**  
Width 1778 mm (70 inches). This size fits perfectly on the roof rails of the new generation Scania. As part no. 2614249, but with empty modules mid backside. Orange top plate. (Use 4 x roof rail brackets part no. 2439366 for mounting in new roof rails). Factory mount **FPC 7577**.

Part no. 2614248

**Aurum low profile, fully equipped, amber LED warning system. 1778 mm.**  
Width 1778 mm (70 inches). This size fits perfectly on the roof rails of the new generation Scania. Fully equipped, with amber LEDs in all positions. Orange top plate. (Use 4 x roof rail brackets part no. 2439366 for mounting in new roof rails).

Part no. 2614249

**Aurum low profile, fully equipped, amber LED warning system, with transparent top plate. 1778 mm**

Width 1778 mm (70 inches). This size fits perfectly on the roof rails of the new generation Scania. Fully equipped, with amber LEDs in all positions. Transparent top plate. (Use 4 x roof rail brackets part no. 2439366 for mounting in new roof rails).

Part no. 2843997

**Aurum low profile, fully equipped, amber LED warning system. 1549 mm**  
Width 1549 mm (61 inches). Fully equipped, with amber LEDs in all positions. Orange top plate.

Part no. 2546808

**Aurum low profile, amber LED warning system with empty modules mid backside. 1549 mm**  
Width 1549 mm (61 inches). As part no. 2546808, but with empty modules mid backside. Orange top plate. Factory mount **FPC 7577**.

Part no. 2546809

**Aurum low profile, fully equipped, amber LED warning system, with transparent top plate. 1549 mm**

Width 1549 mm (61 inches). Fully equipped, with amber LEDs in all positions. Transparent top plate.

Part no. 2843996

**Aurum low profile, fully equipped, amber LED warning system. 1130 mm**  
Width 1130 mm (45 inches). Fully equipped, with amber LEDs in all positions. Orange top plate.

Part no. 2546805

**Aurum low profile, fully equipped, amber LED warning system. 1346 mm**  
Width 1346 mm (53 inches). Fully equipped, with amber LEDs in all positions. Orange top plate.

Part no. 2546806

**Aurum low profile, amber LED warning system with empty modules mid backside. 1346 mm**  
Width 1346 mm (53 inches). As part no. 2546806, but with empty modules mid backside. Orange top plate.

Part no. 2546807

Applicable to all products on page 181 och 182: Easy wiring connections and installation. 24 V. Standard brackets included. Approved to ECE R10 and R65 regulations.

**P2000. Normal profile, amber halogen warning system. 1400 mm**

Old school, normal profile halogen roof-mounted warning system. Width 1400 mm. Two built-in amber rotating halogen beacons. 24 V. Belt drive. Wire harness and standard brackets included. Approved to ECE R10 and R65 regulations.

*Part no. 2546810*

**P2000. Normal profile, amber halogen warning system with centre sign. 1400 mm**

Old school, normal profile halogen roof-mounted warning system. Width 1400 mm. As part no. 2546810, but with a 1000 mm illuminated centre sign. 24 V. Belt drive. Wire harness and standard brackets included. Approved to ECE R10 and R65 regulations.

*Part no. 2546811*

**P4000. Normal profile, amber LED warning system. 1400 mm**

Normal profile LED roof-mounted warning system. Width 1400 mm. Same housing as P2000 series but with two built-in amber LED solarins ring beacons. 24 V. Wire harness and standard brackets included. Approved to ECE R10 and R65 regulations.

*Part no. 2546812*

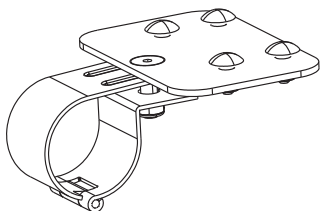

**P4000. Normal profile, amber LED warning system with centre sign. 1400 mm**

Normal profile LED roof-mounted warning system. Width 1400 mm. Same housing as P2000 series but with two built-in amber LED solarins ring beacons. As part no. 2546812, but with a 1000 mm illuminated centre sign. 24 V. Wire harness and standard brackets included. Approved to ECE R10 and R65 regulations.

*Part no. 2546813*

## FEDERAL SIGNAL TRAFFIC WARNING SYSTEMS BRACKETS

### Bracket adapter for Scania roof light bars/ Federal Signal Aurum

This kit is used when a long (1778 mm) Federal Signal Aurum (p/n 2614248, 2614249, 2843997) is mounted on top of a Scania roof lightbar.

Part no. 2754809

### Roof rail bracket for short Federal Signal roof warning systems

This kit is used when a Federal Signal Aurum or P2000/P4000 series system is mounted to the Scania NTG roof rail. It's recommended to use for all Aurums, 1549 mm or shorter, as well as for P2000/P4000 series which are 1400 mm long.

Part no. 2754810

### Multi purpose/lamp bracket

Aluminium bracket to fit the new roof rail system. This small, easy-to-fit bracket, makes it possible to mount work lamps, roof warning systems etc in the roof rail system.

Part no. 2439366

### Lamp bracket

For Scania and KAMA/METEC 60 mm bars.

Part no. 2203838

### Bracket for Federal Signal roof warning systems

Bracket specially designed for Federal Signal VAMA roof warning systems. Suitable for Scania CR14/CR19 cabs with roof rail. A roof hatch can be opened if fitted.

Part no. 2545486

### Bracket for Federal Signal roof warning systems

Bracket specially designed for Federal Signal VAMA roof warning systems. Suitable for CR14 cabs with low roof, without roof rail. Shown here with a P2000/P4000.

Part no. 2545487

### Bracket for Federal Signal roof warning systems

Bracket specially designed for Federal Signal VAMA roof warning systems. Suitable for Scania CR14/CR19 cabs with high roof (not Topline). With or without roof rail. The bracket gives the roof warning system a forward position.

Part no. 2545488

### Bracket for Federal Signal roof warning systems

Bracket specially designed for Federal Signal VAMA roof warning systems. Suitable for Scania CR14/CR19 cabs with normal or high roof (not Topline). With or without roof rail 2014-. The bracket gives the roof warning system a forward position.

Part no. 2558006

## FEDERAL SIGNAL LED STROBE FLASHER

### Federal Signal NanoLED strobe flashers

Black plastic housing and black trim, 6 x AmberLEDs. Multivolt 10–30 V. R65 CL 2, EMC R10. Possible to sync. with up to 12 NanoLEDs. IP9K. H 27.5xW 107.5xD 9.3 mm. Weight 42 g. Chromed optional trim for NanoLED: Scania p/n 2754770.

Part no. 2754765

### NanoLED Trimpanel Chrome

Optional Chromed trim panel for NanoLED p/n 2754765. Part no. 2754770

### Federal Signal MicroLED strobe flashers

Amber plastic housing, 3x2 W LEDs. Multivolt 10–30 V. R65 CL1. EMC R10. IP9K. H 46xW 106xD 25 mm. Weight 80 g. Mounting frame not incl.

Part no. 2754766

### Mounting bracket MicroLED Flush

Frame kit for flush mount of MicroLED p/n 2754766. Part no. 2754768

### Mounting bracket MicroLED Base

Frame kit for base/external mount of MicroLED p/n 2754766.

Part no. 2754767

### Mounting bracket MicroLED Pedestal

Frame kit for pedestal mount "L" bracket, for MicroLED p/n 2754766.

Part no. 2754769

## HELLA TRAFFIC WARNING SYSTEM AND STROBE FLASHER

### LED strobe flasher BST

Flat compact LED warninglamp for flat mount. No bracket needed. No moving parts. Different flash types and sync programmable. Multivolt 10–30 V, 9.6 W, black alu housing and clear diffusing glass lens. IP5K4K and IP9K. H 28xW 128xD 17 mm. Type approvals ECE R65 E6 65-000078 ECE R10 E6 10R-040471  
Part no. 2287282

### LED strobe warninglamp BST

Flat compact LED warninglamp for flush mount. No bracket needed. No moving parts. Different flash types and sync programmable. Multivolt 10–30 V, 9.6 W, black alu housing and clear diffusing glass lens. IP5K4K and IP9K. H 28xW 128xD 17 mm. Type approvals ECE R65 E6 65-000078 ECE R10 E6 10R-040471.  
Part no. 2380986

### OWS 1600 24V, 1600 mm

OWS 1600, Roof Warning System. Halogen H1. 24 V 2 rotating beacons. 2x70 W, 2x2.7 Amp. Amber lenses and white centre section. Centre section can be retrofitted with lights. IP5K4K and IP9K. Width 1600 mm. Type approvals ECE-R65, E1-00817. EMC E1-021309.  
Part no. 1934213

## JULUEN LED STROBE FLASHER

### Juluen HB6 Halo Blitz dual function Amber/White

LED strobe flasher and side marker/position lamp. Black aluminium housing. Transparent lens. 6 colored LEDs for strobe flash function. Halo LED position/sidemark function. Programmable and syncable. 9 W. Multivolt 12/24 V. ECE R65 XA1. EMC R10. IPX8. Built in 3 m ADR cable. H 50xW 132xD 19 mm.  
Part no. 2786416

### Juluen HB6 Halo Blitz dual function Amber/Amber

LED strobe flasher and side marker/position lamp. Black aluminium housing. Transparent lens. 6 colored LEDs for strobe flash function. Halo LED position/sidemark function. Programmable and syncable. 9 W. Multivolt 12/24 V. ECE R65 XA1. EMC R10. IPX8. Built in 3 m ADR cable. H 50xW 132xD 19 mm.  
Part no. 2786417

### Juluen HB6 Halo Blitz dual function Amber/Red

LED strobe flasher and side marker/position lamp. Black aluminium housing. Transparent lens. 6 colored LEDs for strobe flash function. Halo LED position/sidemark function. Programmable and syncable. 9 W. Multivolt 12/24 V. ECE R65 XA1. EMC R10. IPX8. Built in 3 m ADR cable. H 50xW 132xD 19 mm.  
Part no. 2786418

NTG: SCANIA STAINLESS STEEL LIGHT BARS

# TAILORED LIGHT CARRIERS

Scania stainless-steel light bars are ideal for displaying lamps from the vast range available whilst also enhancing the looks of your truck. Many light bars come complete with built-in connections and wiring. The “plug and play” feature ensures that connections always match the factory cable harness prep, making fitting of the bar to the vehicle easy and intuitive.

Recommended cable preparations. Roof bars, roof rail: **FPC 1401A**. Aux lamps on roof bars: **FPC 5062**. Aux lamps on front bars: **FPC 5063**. Snowplough lamps: **FPC 1854**. Backwards facing fifth wheel / worklamps: **FPC 5900 B**

## SCANIA ROOF LIGHT BARS AND KITS

Attractive, durable and stylish Scania light bars. Different models available, all made of 60 mm polished stainless steel. Fixed lamp brackets and cables with connectors included to match the factory cable harness prep, where applicable. Order separately or as a complete kit including selected Hella or Cibié lamps.

**Scania light bar for normal roof, short without LED**  
Polished 60 mm stainless steel roof light bar. Short version, without styling LEDs for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706262*

**Scania light bar for normal roof, short with LED**  
Polished 60 mm stainless steel roof light bar. Short version, with styling LEDs for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706264*

**Scania roof light bar for normal roof, long without LED**  
Polished 60 mm stainless steel light bar. Long version, without styling LEDs for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706263*

**Scania light bar for normal roof, long with LED**  
Polished 60 mm stainless steel roof light bar. Long version, with styling LEDs for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706265*

**Scania light bar for normal roof, short with LED strobe flashers**  
Polished 60 mm stainless steel roof light bar. Short version, with 2 strobe flasher LEDs, for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706266*

**Scania light bar for normal roof, long with LED strobe flashers**  
Polished 60 mm stainless steel roof light bar. Long version, with 2 strobe flasher LEDs, for normal roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706267*

**Note!** When fitting a roof light bar, at least 107 mm of the front edge of the roof rail must be accessible. The short version of the light bar fits day cabs and sleeper cabs with smaller roof air deflectors, but not cabs with large roof air deflectors that take up the entire roof rail. The long version of the light bar does not fit day cabs or sleeper cabs with roof air deflectors.

**Scania light bar for high roof, short without LED**  
Polished 60 mm stainless steel roof light bar. Short version, without styling LEDs for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706256*

**Scania light bar for high roof, short with LED**  
Polished 60 mm stainless steel roof light bar. Short version, with styling LEDs for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706258*

**Scania light bar for high roof, long without LED**  
Polished 60 mm stainless steel roof light bar. Long version, without styling LEDs for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706257*

**Scania light bar for high roof, long with LED**  
Polished 60 mm stainless steel roof light bar. Long version, with styling LEDs for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706259*

**Scania light bar for high roof, short with LED strobe flashers**  
Polished 60 mm stainless steel roof light bar. Short version, with 2 strobe flasher LEDs, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706260*

**Scania light bar for high roof, long with LED strobe flashers**  
Polished 60 mm stainless steel roof light bar. Long version, with 2 strobe flasher LEDs, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
*Part no. 2706261*

**Scania light bar for high roof, short with lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Short version, with lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2712604

**Scania light bar for high roof, long with lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Long version, with lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2706673

**Scania light bar for high roof, short with styling LED and lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Short version, with styling LEDs and lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2712606

**Scania light bar for high roof, long with styling LED and lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Long version, with styling LEDs and lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2706675

**Scania light bar for high roof, short with LED strobe flashers and lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Short version, with 2 strobe flasher LEDs and lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2712607

**Scania light bar for high roof, long with LED strobe flashers and lamp brackets in high position**

Polished 60 mm stainless steel roof light bar. Long version, with 2 strobe flasher LEDs and lamp brackets in high position, for high roof. Pre-wired and fixed brackets for 4 aux lamps (lamps are not included).  
Part no. 2706676

**Kit light bar long, with LED for normal roof and 4 x Cibié lamps**

Kit consisting of 1 x 2706264, stainless steel roof light bar, long for normal roof with styling LED + 4 x 2447400, Cibié Super Oscar LED, Chromium, with LED position light.  
Ref. 27.5.  
Part no. 2782247

**Kit light bar long, with LED for high roof and 4 x Cibié lamps**

Kit consisting of 1 x 2706259, stainless steel roof light bar, long for high roof with styling LED and 4 x 2447400, Cibié Super Oscar LED, Chromium, with LED position light.  
Ref. 27.5.  
Part no. 2782248

**Kit light bar long, with LED for normal roof and 4 x Hella 3003 lamps**

Kit consisting of 1 x 2706264, stainless steel roof light bar, long for normal roof with styling LED and 4 x 2060525, Hella 3003 halogen chrome trim ring, LED position light. Ref. 25.  
Part no. 2782249

**Kit light bar long, with LED for high roof and 4 x Hella 3003 lamps**

Kit consisting of 1 x 2706259, stainless steel roof light bar, long for high roof with styling LED and 4 x 2060525, Hella 3003 halogen chrome trim ring, LED position light. Ref. 25.  
Part no. 2782250

**Kit light bar long, with LED for normal roof and 4 x Hella Luminator lamps**

Kit consisting of 1 x 2706264, stainless steel roof light bar, long for normal roof with styling LED and 4 x 2254023, Hella Luminator Chromium Halogen, LED position light. Ref. 37.5.  
4 x 2587819 Luminator adapter bracket.  
Part no. 2782251

**Kit light bar long, with LED for high roof and 4 x Hella Luminator lamps**

Kit consisting of 1 x 2706259, stainless steel roof light bar, long for high roof with styling LED and 4 x 2254023, Hella Luminator Chromium Halogen, LED position light. Ref. 37.5.  
4 x 2587819 Luminator adapter bracket.  
Part no. 2782252

## SCANIA FRONT LIGHT BARS AND KITS

### Kit front light bar, without LED + 4 x Cibié lamps

Kit consisting of 1 x 2433090, stainless steel front light bar, without styling LED + 2 x 2447400, Cibié Super Oscar LED, Chromium, with LED position light. 230 mm. Ref. 27.5. + 2 x 2596713, Cibié Oscar LED 180 mm.  
Part no. 2603731

### Kit front light bar, with LED + 4 x Cibié lamps

Kit consisting of 1 x 2532777, stainless steel front light bar, with styling LED + 2 x 2447400, Cibié Super Oscar LED, Chromium, with LED position light. 230 mm. Ref. 27.5. + 2 x 2596713, Cibié Oscar LED 180 mm.  
Part no. 2603728

### Kit front light bar, without LED + 4 x Luminator Chrome lamps

Kit consisting of 1 x 2433090, stainless steel front light bar, without styling LED + 2 x 2254021, Hella Luminator Chromium halogen. 233 mm Ref. 50 + 2 x 2596701, Hella Luminator Chromium halogen. Ref. 37.5. 170 mm + 4 x 2587819 Luminator adapters.  
Part no. 2603730

### Kit front light bar, with LED + 4 x Luminator Chrome lamps

Kit consisting of 1 x 2532777, stainless steel front light bar, with styling LED + 2 x 2254023, Hella Luminator Chromium halogen, with LED position light. 233 mm Ref. 37.5 + 2 x 2596701, Hella Luminator Chromium halogen. Ref. 37.5. 170 mm + 4 x 2587819 Luminator adapters.  
Part no. 2603727

### Kit front light bar, without LED + 4 x Hella 3003 lamps

Kit consisting of 1 x 2433090, stainless steel front light bar, without styling LED + 2 x 2060523, Hella 3003 chrome trim ring. 222 mm. Ref. 50. + 2 x 2596699, Hella 3003 Chrome trim ring 172 mm. Ref. 37.5.  
Part no. 2603729

### Kit front light bar, with LED + 4 x Hella 3003 lamps

Kit consisting of 1 x 2532777, stainless steel front light bar, with styling LED + 2 x 2060525, Hella 3003 chrome trim ring, with LED position light. 222 mm Ref. 25. + 2 x 2596699, Hella 3003 Chrome trim ring 172 mm. Ref. 37.5.  
Part no. 2603723

Bars without lamps also available.  
Without LED. Part no. 2433090  
With styling LED. Part no. 2532777

**Scania front light bar straight, without LED**

Polished 60 mm front light bar in stainless steel. Straight and simple design, without styling LEDs. Pre-wired and fixed brackets for 4 extra lamps (lamps are not included). Not compatible with protruding bumper.

Part no. 2706274

**Scania front light bar straight, with LED**

Polished 60 mm front light bar in stainless steel. Straight and simple design, with styling LEDs. Pre-wired and fixed brackets for 4 extra lamps (lamps are not included). Not compatible with protruding bumper.

Part no. 2706282

**Foldable XT frontbar/footstep, without LED**

60 mm stainless steel front light bar for XT trucks. Foldable, with dual functions: Lampholder and footstep. Without styling LEDs. Prewired and fixed brackets for 4 aux lamps (lamps are not included). Only compatible with XT protruded bumper.

Polished steel. Part no. 2777243

Black painted steel (available from June 2020).

Part no. 2833354

**Foldable XT frontbar/footstep, with LED**

60 mm stainless steel front light bar for XT trucks. Foldable, with dual functions: Lampholder and footstep. With styling LEDs. Prewired and fixed brackets for 4 aux lamps (lamps are not included). Only compatible with XT protruded bumper.

Polished steel. Part no. 2777471

Black painted steel (available from June 2020).

Part no. 2833435

**Foldable XT frontbar/footstep, with strobe flashers**

60 mm stainless steel front light bar for XT trucks. Foldable, with dual functions: Lampholder and footstep. With 2 strobe flasher LEDs. Prewired and fixed brackets for 4 aux lamps (lamps are not included). Only compatible with XT protruded bumper.

Polished steel. Part no. 2833353

Black painted steel (available from June 2020).

Part no. 2833436

## SCANIA SNOW PLOUGH LIGHT BARS, KITS AND BRACKETS

### Scania plough light bar, without LED

Polished 60 mm stainless steel light bar for ploughs. Without styling LEDs. Pre-wired and fixed brackets for 4 aux lamps + 2 headlamp replacements (lamps are not included).  
*Part no. 2433073*

### Scania plough light bar, with strobe flashers

Polished 60 mm stainless steel light bar for ploughs. As part no. 2433073, but with 2 built-in LED flashing lights. Pre-wired and fixed brackets for 4 extra lamps + 2 replacements for headlamps (lamps are not included).  
*Part no. 2706275*

### Scania plough light bar kit, without LED

Polished 60 mm stainless steel plough light bar kit without styling LEDs. Pre-wired and fixed brackets for 4 aux lamps + 2 Hella headlamp replacements. Kit contains of 1 x 2433073 + 4 x 1934120 + 1 x Hella headlamp replacement kit 2767911.  
*Part no. 2563617*

### Scania plough light bar kit, without LED

Polished 60 mm stainless steel plough light bar kit without styling LEDs. Pre-wired and fixed brackets for 4 Cibié aux lamps + 2 Hella headlamp replacements. Kit contains of 1 x 2433073 + 4 x 2447400 + 1 x Hella headlamp replacement kit 2767911.  
*Part no. 2563616*

Lock design is based on the same solution integrated in P- and G-cabs. When installed, this lock kit will ensure that the front hatch will take the loads from the heavy plough-bar/lamps, even when driving on poor roads. If not installed, there is a risk that vibration will cause cracks in the front hatch.

Bracket/lock kit is NOT compatible with right-hand drive vehicles!

Some early models of R- and S-cabs do not have pre-drilled holes for fitting.

### Bracket/lock kit for Scania plough-bar

Bracket/front hatch lock kit, with Scania plough-bar part no. 2433073. This kit is strongly recommended for all vehicles using a Scania snow plough bar.

*S-cab. Part no. 2660532*

*R-cab. Part no. 2660553*

## SCANIA FRONT PROTECTION "WILDBARS"

### Scania front protection "Wildbar", High version

Rugged, yet stylish front protection bar. High version. Made from polished 76 and 60 mm stainless steel. Made to fit Scania G, R and S cabs, with normal or high bumpers. 0 mm protrusion bumper is recommended for best possible clearance. Easy to mount, easy folding and access/usage of the original tow bar, replaceable lower pipes. Wire harness premounted in the lower section. Does NOT fit low bumpers or protruded "XT" steel bumpers. Mounting hardware, badge holder, 8 x lamps brackets and mounting instruction included (lamps are not included).

Part no. 2761788

### Scania front protection "Wildbar", Low version

Rugged, yet stylish front protection bar. Low version. Made from polished 76 and 60 mm stainless steel. Made to fit Scania P, G, R and S cabs, with normal or high bumpers. 0 mm protrusion bumper is recommended for best possible clearance. Easy to mount, easy folding and access/usage of the original tow bar, replaceable lower pipes. Wire harness premounted in the lower section. Does NOT fit low bumpers or protruded "XT" steel bumpers. Mounting hardware, 8 x lamps brackets and mounting instruction included (lamps are not included).

Part no. 2761789

## SCANIA WORKLAMP BAR

**Scania rear facing fifth wheel / worklamp bar, without LED**  
 Polished 60 mm stainless steel light bar for worklamps. Main application is low roof cabs, but will also fit to all normal and high roof cabs, with or without roof spoilers. Clamping position is identical for all cabs. Separate lamp brackets allow adjustable lamp positions. Prewired for up to 4 lamps (lamps are not included).

Part no. 2775277. Cable prep from FFU: **FPC5900B**

**Scania rear facing fifth wheel / worklamp bar, with LED strobe flashers**

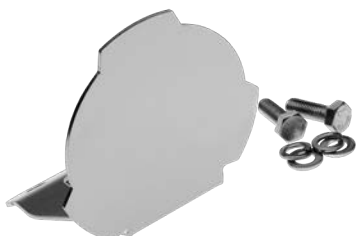

Polished 60 mm stainless steel light bar for worklamps, with 2 strobe flasher LEDs. Main application is low roof cabs, but will also fit to all normal and high roof cabs, with or without roof spoilers. Clamping position is identical for all cabs. Separate lamp brackets allow adjustable lamp positions. Prewired for up to 4 lamps (lamps are not included).

Part no. 2775279. Cable prep from FFU: **FPC5900B**

Our range of work lamps are designed to deliver added safety and manoeuvrability to your operations. See the full range on page 154.

## SCANIA LIGHT BAR ADAPTERS AND REPLACEMENT LEDS

### Badge holders for Wildbar High

Stainless steel badge holder, for Scania symbol.  
Fit to Wildbar High p/n 2761788.  
L/H. Part no. 2782223  
R/H. Part no. 2782224

### Lamp brackets for Scania Wildbars

Stainless steel lamp brackets for Scania Wildbars 2761788 and 2761789. Brackets fits to predrilled attachment points.  
For 60 mm pipes. Part no. 2790809  
For 76 mm pipes. Part no. 2790810

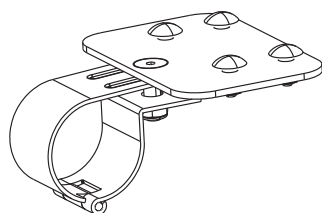

### Lower endpipe replacement for Scania Wildbars

Replacement lower end pipes for Scania Wildbars, p/n 2761788 and 2761789.  
L/H. Part no. 2782245  
R/H. Part no. 2782246

### Lamp bracket

For Scania and KAMA/METEC bars.  
60 mm. Part no. 2203838  
70 mm. Part no. 2864459

### Bracket adapter for Scania roof light bars/Federal Signal Aurum

This kit is used when a long (1778 mm) Federal Signal Aurum (p/n 2614248, 2614249, 2843997) is mounted on top of a Scania roof lightbar.  
Part no. 2754809

### Stainless steel attachment cover

Polished stainless steel cover for lower attachment bolts. Fits to vehicles with Scania light bars, but without sun visors.  
Part no. 2716073

### Adapter bracket for Hella Luminator lamps

Bracket mainly used for certain Hella Luminator models, but may also fit other lamp brands. This bracket moves the lamp position slightly forward, relative the fixed bracket.  
Part no. 2587819

### Adapter bracket for general purpose and Vision X LED bars

Bracket mainly used for fitting of various Vision X LED bar models, but may also serve as a general purpose adapter. This bracket comes with a pre-drilled hole pattern suitable for various lamps. Also possible to drill new holes to match other types of LED bars and lamps.  
Part no. 2587820

### Replacement LED module, white

Replacement white LED modules for all applicable KAMA bars produced from early 2017 and all Scania bars from 2016-.  
White. Part no. 2654485  
Orange. Part no. 2654486  
Red. Part no. 2654487

## LAMPS FOR LIGHT BAR KITS

**Cibié Super Oscar, 230 mm, LED, broad beam, LED position lights, chrome, Ref. 27.5**  
Full LED spot lamp, chromed alu housing and trim ring, clear plastic lens, IP67, 12 V/24 V.  
*Part no. 2447400*

**Cibié Oscar, 180 mm, LED, broad beam, chrome, Ref. 17.5**  
Full LED spot lamp, chrome alu housing and trim ring, clear plastic lens, IP67, 12 V/24 V.  
*Part no. 2596713*

**Hella Jumbo 320, broad beam, clear lens, LED position light, Ref. 37.5**  
Hella halogen spot lamp, 245x141 mm. Black plastic housing, clear lens with LED position light, broad beam. H7 bulb, not included. Recommended H7 HD premium replacement bulb: Scania part no. 1905137.  
*Part no. 1934120*

**Hella Rallye 3003, broad beam, clear lens, LED position light, Ref. 25**  
Hella halogen spot lamp, 222 mm. Black plastic housing with chrome trim ring. Real, clear glass lens, broad beam, with position LED light. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2060525*

**Hella Rallye 3003, pencil beam, clear lens, Ref. 50**  
Hella Halogen spot lamp, 222 mm. Black plastic housing with chrome trimring. Real, clear glass lens, pencil beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2060523*

**Hella 3003 Compact, broad beam, clear lens Ref. 37.5**  
Compact version, 172 mm, broad beam, chrome trim ring, clear lens without position light.  
*Part no. 2596699*

**Hella Luminator Chromium Clear, broad beam, clear lens, Ref. 37.5**  
Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, LED position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2254023*

**Hella Luminator Chromium Clear, pencil beam, clear lens, Ref. 50**  
Hella halogen spot lamp, 233 mm. Chrome metal housing, clear lens, position light, pencil beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2254021*

**Hella Luminator Chromium Clear Compact, broad beam, clear lens, Ref. 37.5**  
Hella halogen spot lamp, 170 mm. Chrome metal housing, clear lens, position light, broad beam. H1 bulb, not included. Recommended H1 HD premium replacement bulb: Scania part no. 1905134.  
*Part no. 2596701*

SCANIA NTG: KAMA/METEC STAINLESS STEEL LIGHT BARS

# MIX AND MATCH

Supplying extensive options, the classic design and functionality of KAMA/METEC light bars enable a perfect match with the original Scania light bars and other accessories. The KAMA/METEC light bars come pre-wired with separate brackets included. The range also includes robust front protection, “wild bar”, as well as stylish front and side pipes.

Recommended option and cable preparations.. Roof bars, roof rail: **FPC 1401A**. Aux lamps on roof bars: **FPC 5062**. Aux lamps on front bars: **FPC 5063**. Snowplough lamps: **FPC 1854**.

## KAMA/METEC ROOF LIGHT BARS

**Roof light bar "Top" for normal and high roof, without LED**  
Roof light bar, made from 60 mm polished stainless steel, without LED, for cabs with high roof. Pre-wired with cables for up to 6 lamps. Separate brackets for 4 lamps included (lamps are not included). Note: On "hovering" roof bars with no middle support, Scania recommends fitting of only 4 low-weight lamps, such as Cibie Super Oscar LED, Hella 3003, Hella Jumbo 320.  
*Part no. 2654476*

**Roof light bar "Top" for normal and high roof, with LED**  
Roof light bar, made from 60 mm polished stainless steel, with LED, for cabs with high roof. Pre-wired with cables for up to 6 lamps. Separate brackets for 4 lamps included (lamps are not included). Note: On "hovering" roof bars with no middle support, Scania recommends fitting of only 4 low-weight lamps, such as Cibie Super Oscar LED, Hella 3003, Hella Jumbo 320.  
*Part no. 2654477*

**Roof light bar "Wide" for low roof, without LED**  
Roof light bar, made from 70 mm polished stainless steel, without LED, for cabs with low roof. Pre-wired with cables for up to 6 lamps. Does not fit to cabs with handle bar mounted on the roof over the door (lamps are not included).  
*Part no. 2839302*

**Roof light bar "Wide" for low roof, with LED**  
Roof light bar, made from 70 mm polished stainless steel, with LED, for cabs with low roof. Pre-wired with cables for up to 6 lamps. Does not fit to cabs with handle bar mounted on the roof over the door (lamps are not included).  
*Part no. 2839301*

## KAMA/METEC FRONT PROTECTION

### Front protection "Wild bar"

Robust front protection bar, made from polished 60 mm stainless steel with replaceable steel net. Brackets for 4 aux lamps included. Made to fit Scania R- and S-cabs. Compatible with AEB/Radar. Possible to replace different parts, like the steel net, if damaged. Easy to drop for access to front hatch. Tow bar function remains (lamps are not included).

*With low- or normal bumper. Part no. 2654474*

*With high bumper. Part no. 2654475*

## KAMA/METEC FRONT LIGHT BARS

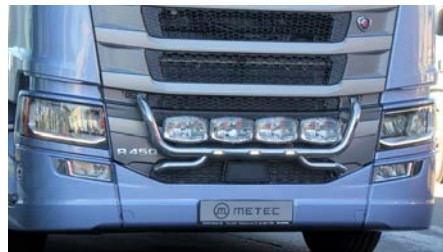

### Front bar "Classic", without LED

Front bar in classic style, made from 60 mm polished stainless steel, without LED. Pre-wired with cables for 4 lamps. Separate brackets for 4 lamps included (lamps are not included).  
Part no. 2654478

### Front bar "Classic", with LED

Front bar in classic style, made from 60 mm polished stainless steel, with LED. Pre-wired with cables for 4 lamps. Separate brackets for 4 lamps included (lamps are not included).  
Part no. 2654479

### Front bar "Spider X", with LED

Front bar, made from 60 mm polished stainless steel, with LED. Pre-wired with cables for 4 lamps (lamps are not included).  
Part no. 2782222

## KAMA/METEC FRONT AND SIDE PIPES

### Front pipe, for low bumpers, without LED

Front pipe, made from 60 mm polished stainless steel. Without LEDs. For trucks with low and normal bumpers. Does not fit protruded bumper.  
Part no. 2654480

### Front pipe, for low bumpers, with LED

Front pipe, made from 60 mm polished stainless steel. With 5 white LEDs. For trucks with low and normal bumpers. Does not fit protruded bumper.  
Part no. 2654481

### Side pipes with amber LEDs, 1 pair 3750 mm

Side pipes, made from 60 mm polished stainless steel with 5 amber LEDs. For trucks with wheel base 3750 mm, produced to September 2018. Sold in pairs.  
Part no. 2654484

### Front pipe, for high bumpers, without LED

Front pipe, made from 60 mm polished stainless steel. Without LEDs. For trucks with high bumpers. Does not fit protruded bumper.  
Part no. 2654482

### Front pipe, for high bumpers, with LED

Front pipe, made from 60 mm polished stainless steel. With 5 white LEDs. For trucks with high bumpers. Does not fit protruded bumper.  
Part no. 2654483

### Side pipes with or without amber LEDs, one pair 3750 mm

Side pipes, made from 60 mm polished stainless steel with or without 5 amber LEDs. For trucks with wheelbase 3750 mm, produced after October 2018. Sold in pairs.  
Without LEDs. Part no. 2839297  
With LEDs. Part no. 2839298

## KAMA/METEC LIGHT BAR ADAPTERS, BRACKETS AND REPLACEMENT LEDS

### Adapter plate for beacons

For Scania/KAMA METEC lightbars. Used with bracket part no. 2203838.  
Part no. 2203837

### Lamp bracket

For Scania and KAMA/METEC bars.  
60 mm. Part no. 2203838  
70 mm. Part no. 2864459

### Replacement LED module

Replacement white LED modules for all applicable KAMA bars produced from early 2017 and all Scania bars from 2016–.  
White. Part no. 2654485  
Orange. Part no. 2654486  
Red. Part no. 2654487

### Replacement LED module

Replacement white LED modules for all applicable KAMA bars produced until 2015 resp 2017.  
White. Until 2015. Part no. 2292350  
Orange. Until 2015. Part no. 2292351  
Red. Until 2015. Part no. 2292352

ALUMINIUM LIGHT BARS FROM SCANIA

# LIGHTWEIGHT, YET TOUGH

Light bars constructed from anodised aluminium make a powerful impression. They can be mounted on the roof or grille and provide space to fit auxiliary lamps or rotating beacons.

**Front protection lightbar, Trux Highway Airflow kit**  
 TRUX Highway Airflow kit. Fits S, R and G cabs. Does NOT fit P cab or cabs with protruded bumpers. Anodized silver, with structure ("Airflow") (lamps are not included).  
 Part no. 2724638

**Front protection lightbar, Trux Highway kit**  
 TRUX Highway kit. Fits S, R and G cabs. Does NOT fit P cab or cabs with protruded bumpers. Anodized silver, without structure (lamps are not included).  
 Part no. 2724639

**Front protection lightbar, Trux Off-road Airflow kit**  
 TRUX Off-road Airflow kit. Fits S, R and G cabs. Does NOT fit P cab or cabs with protruded bumpers. Anodized silver, with structure (lamps are not included).  
 Part no. 2724640

**Front protection lightbar, Trux Off-road kit**  
 TRUX Off-road kit. Fits S, R and G cabs. Does NOT fit P cab or cabs with protruded bumpers. Anodized silver, without structure (lamps are not included).  
 Part no. 2724641

**Roof light bar, Airflow kit for High roof**

TRUX Front top bar Airflow kit for High roof, with pre-mounted cable harness for 6 lamps. Anodized silver, with structure ("Airflow") (lamps are not included).  
Part no. 2724642

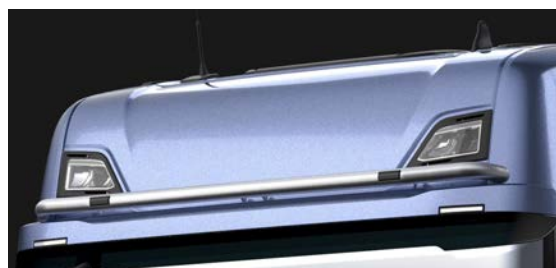

**Roof light bar, kit for High roof**

TRUX Front top bar kit for High roof, with pre-mounted cable harness for 6 lamps. Anodized silver, without structure (lamps are not included).  
Part no. 2724643

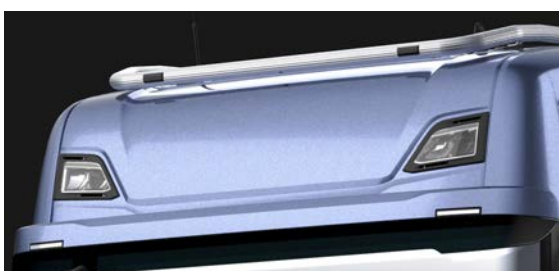

**Roof light bar, Airflow kit for High and Normal roof**

TRUX Front top bar Airflow kit for High roof with sunvisor and Normal roof with sunvisor, but without upper A order aux lamps, with pre-mounted cable harness for 6 lamps. Anodized silver, with structure ("Airflow") (lamps are not included).  
Part no. 2724775

**Roof light bar, kit for High and Normal roof**

TRUX Front top bar kit for High roof with sunvisor and Normal roof with sunvisor, but without upper A order aux lamps, with pre-mounted cable harness for 6 lamps. Anodized silver, without structure (lamps are not included).  
Part no. 2724776

**Roof light bar, Airflow kit for High and Normal roof**

TTRUX Front top bar Airflow kit for High roof and normal roof, with pre-mounted cable harness for 6 lamps. Anodized silver, with structure ("Airflow"). Note: Scania recommends only 4 lightweight lamps on this type of bar. Recommended lamps are e.g. Cibie Super Oscar LED, part no. 2447399 and 2447400 (lamps are not included).  
Part no. 2724777

**Roof light bar, kit for High and Normal roof**

TRUX Front top bar kit for High roof and normal roof, with pre-mounted cable harness for 6 lamps. Anodized silver, without structure. Note: Scania recommends only 4 lightweight lamps on this type of bar. Recommended lamps are e.g. Cibie Super Oscar LED, part no. 2447399 and 2447400 (lamps are not included).  
Part no. 2724778

**Rear facing Airflow roof bar kit**

TRUX Rear top bar kit for C20 cabs with normal roof. Anodized silver, with structure ("Airflow") (lamps are not included).

Part no. 2724779

**Rear facing roof bar kit**

Part no. 2724780

**Snow plough light bar, Airflow kit**

TRUX snow plough bar, Airflow kit, with pre-mounted cable harness for 4 lamps. Anodized silver, with structure ("Airflow") (lamps are not included).

Part no. 2724781

**Snow plough light bar kit**

TRUX Snow plough light bar kit, with pre-mounted cable harness for 4 lamps. Anodized silver without structure (lamps are not included).

Part no. 2724782

**Front pipe, U bar Airflow kit**

TRUX U bar. Front decor tube Airflow. Anodized silver with structure ("Airflow"). Only suitable for vehicles with low bumper.

Part no. 2724783

**Front pipe, U bar kit**

Trux U bar. Front decor tube, Anodized silver without structure. Only suitable for vehicles with low bumper (lamps are not included).

Part no. 2724784

SCANIA PGR-SERIES: KAMA/METEC STAINLESS STEEL LIGHT BARS

# ENHANCE YOUR CLASSIC PARTNER

There are great opportunities for augmenting the appearance of your classic road partner. The KAMA/METEC assortment for the PRG-series features a comprehensive selection of stylish light bars, styling pipes and a massive front protection – “wild bar”.

## KAMA/METEC FRONT-FACING ROOF LIGHT BARS AND KITS

Attractive, durable and stylish light bars, styling pipes and front protection products. Many different models available, all made of 60 mm polished stainless steel. Cables and brackets for 4, 5 or 6 lights included, depending on version. Order separately or as a complete kit including selected Hella lamps.

### Highline

Cables and brackets for 4 lamps (lamps are not included).  
Part no. 2203826  
Without fixed brackets. Part no. 2551888

### Highline, LED

Roof light bar for Highline, same as part no. 2203826, with 5 white front-facing LED modules. Cables and brackets for 4 lamps (lamps are not included).  
Part no. 2427060

### Highline, for 5 and 6 lamps

Roof light bar for Highline, same as part no. 2203826, with cables and brackets for 5–6 lamps (lamps are not included).  
Part no. 2266906

### Highline, LED for 5 and 6 lamps

Roof light bar for Highline, same as art no. 2266906, with 5 white front-facing LED modules (lamps are not included).  
Part no. 2488880

### Highline, kit including bar (2203826) + 4 Hella 3003 (2060523)

Lamps included are 4 Hella Rallye 3003. Ref. 50. Chrome trim ring, part no. 2060523.  
Part no. 2251226

### Highline, LED Kit including 4 Hella 3003 (2060523)

Roof light bar for Highline, kit same as part no. 2251226, with 5 white front-facing LED modules. Lamps included are 4 Hella Rallye 3003. Ref. 50. Chrome trim ring, part no. 2060523.  
Part no. 2427062

#### Topline

Cables and brackets for 4 lamps (lamps are not included).

Part no. 2203827

Without fixed brackets. Part no. 2471583

#### Topline, LED

Roof light bar for Topline, same as part no. 2203827, with 5 white front-facing LED modules. Cables and brackets for 4 lamps (lamps are not included).

Part no. 2427063

#### Topline, for 5 and 6 lamps

Roof light bar for Topline, same as part no. 2203827, with cables and brackets for 5–6 lamps (lamps are not included).

Part no. 2266905

#### Topline, LED for 5 and 6 lamps

Roof light bar for Topline, same as part no. 2266905, with 5 white front-facing LED modules (lamps are not included).

Part no. 2488881

#### Topline, kit incl. bar (2203827) + 4 Hella 3003 (2060523)

Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring, part no. 2060523.

Part no. 2251227

#### Topline, LED kit incl. 4 Hella 3003 (2060523)

Roof light bar for Topline, kit same as part no. 2251227, with 5 white front-facing LED modules. Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring,

part no. 2060523.

Part no. 2427065

**Normal cab**

Cables and brackets for 4 lamps (lamps are not included).  
Part no. 2203824

**Normal cab, LED**

Roof light bar for Normal cab, same as part no. 2203824, with 5 white front-facing LED modules. Cables and brackets for 4 lamps (lamps are not included). Picture shows version without LED.

Part no. 2427066

**Normal cab for 5 and 6 lamps**

Roof light bar for Normal cab, same as part no. 2203824, with cables and brackets for 5–6 lamps (lamps are not included).

Part no. 2266904

**Normal cab, LED for 5 and 6 lamps**

Roof light bar for Normal cab, same as part no. 2266904, with 5 white front-facing LED modules (lamps are not included).

Part no. 2488882

**Normal cab, kit including bar (2203824) + 4 Hella 3003 (2060523)**

Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring, part no. 2060523.

Part no. 2251225

**Normal cab, LED kit including 4 Hella 3003 (2060523)**

Roof light bar for Normal cab, kit same as part no. 2251225, with 5 white front-facing LED modules. Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring,

part no. 2060523.

Part no. 2427068

**Topline, Hydra Extended LED roof bar**

Extended roof light bar for Topline, with 5 white front-facing LED modules and 6 orange LED modules on each side.

Cables and brackets for 6 lamps (lamps are not included).

Part no. 2427069

**Low roof, kit including bar (2203819) + 4 Hella 3003 (2060523)**

Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring, part no. 2060523.

Part no. 2251213

**Low roof**

Cables and brackets for 4 lamps (lamps are not included).

Part no. 2203819

## KAMA/METEC WORKLAMP BARS

### Rear-facing roof bar

Fits G- and R-series m/y 04- (lamp brackets and lamps are not included).

Part no. 2203835

With rear-facing red LEDs. Part no. 2551887

PGR

## KAMA/METEC FRONT PROTECTION

### Front protection stainless steel – KAMA/METEC

Robust and attractive universal stainless steel “wild bar” front protection from KAMA/METEC for all types of environments. Fits vehicles with both high and low bumpers. Note: The metal netting can be removed. Not compatible with protruded bumper and speed radar systems (lamps and cables are not included).

Part no. 2274568

PGR

## KAMA/METEC FRONT LIGHT BARS AND KITS

**G- and R-series, for 4 x circular lamps. High/low bumper m/y 2010–**  
Cables and brackets for 4 lamps (lamps are not included).  
*Part no. 2266907*

**Style as 2266907, but possible to mount 4 x rectangular lamps. High/low bumper m/y 2010–**  
(Lamps are not included.)  
*Part no. 2471581*

**G- and R-series, style as 2266907 but with LED**  
(Lamps are not included.)  
*Part no. 2551885*

**G- and R-series, style as 2471581 but with LED**  
(Lamps are not included.)  
*Part no. 2551886*

**KAMA front light bar kit. (2266907) + 4 x Hella 3003 (2060523)**  
Cables and brackets for 4 lamps. Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring, part no. 2060523.  
*Part no. 2251229*

**Kit including bar (2471581) + 4 Hella Jumbo 320 lamps (1906621)**

Cables and brackets for 4 lamps. Lamps included are 4 Hella Jumbo 320, with position light. Ref. 37.5, part no. 1906621.  
Part no. 2552758

**Kit including bar (2551886) + 4 Hella Jumbo 320 lamps (1934120)**

Cables and brackets for 4 lamps. Lamps included are 4 Hella Jumbo 320, with LED position light. Ref. 37.5, part no. 1934120.  
Part no. 2552759

## KAMA/METEC SNOW PLOUGH BARS AND KITS

**Kit including lamps, bars and brackets**

Kit including snow plough bar (2266908) + 4 Hella 3003 (2060523) + 2 Hella headlamp replacement (2282092/93) + 2 brackets (2203838) + brackets and cables for 4 lamps. Lamps included are 4 Hella Rallye 3003. Ref. 50, chrome trim ring, part no. 2060523.  
Part no. 2282149

**G- and R-series, m/y 2010–**

Cables and brackets for 4 lamps (lamps are not included).  
Part no. 2266908

## KAMA/METEC SIDE PIPES

**Side pipe with 6 orange LED modules**

Suitable for vehicles with wheel base 3700 mm.  
Sold in pairs.  
Part no. 2292347

## KAMA/METEC FRONT PIPES

**Front pipe, G- and R-series high bumper m/y 2004–**  
Styling pipes in polished stainless steel, without LEDs.  
*Part no. 2203831*

**Front pipe, G- and R-series low bumper m/y 2004–2013**  
Styling pipes in polished stainless steel, without LEDs.  
*Part no. 2203833*

**Front pipe with LED, G- and R-series high bumper m/y 2004–**  
As part no. 2203831 with 5 white front-facing LED modules  
+ 1 orange LED module on each side.  
*Part no. 2387163*

**Front pipe with LED, G- and R-series low bumper m/y 2014–**  
As part no. 2203831 with 5 white front-facing LED modules  
+ 1 orange LED module on each side.  
*Part no. 2387162*

**PGR-series, low bumper m/y 2004–**  
Styling pipes in polished stainless steel, without LED's.  
*Part no. 2396049*

**PGR-series, High bumper m/y 2004–**  
Styling pipes in polished stainless steel, without LED's.  
*Part no. 2396050*

## KAMA/METEC LIGHT BAR ADAPTERS, BRACKETS AND REPLACEMENT LEDS

### Adapter plate for beacons

For Scania/KAMA METEC lightbars. Used with bracket part no. 2203838.  
Part no. 2203837

### Lamp bracket

For Scania and KAMA/METEC bars.  
60 mm. Part no. 2203838  
70 mm. Part no. 2864459

### Adapter for 5 and 6 lamps

For KAMA roof bars.  
Part no. 2471582

### Replacement LED module

Replacement LED module for all applicable KAMA bars produced until 2015.  
White. Part no. 2292350  
Orange. Part no. 2292351  
Red. Part no. 2292352

## HAND-HELD WORKLAMPS

# CLEAR SIGHT IN EVERY CORNER

With a hand-held work lamp close at hand, you will be able to scrutinise every nook and cranny of your vehicle. Our range, mainly supplied by OSRAM, features various kinds of hand-held lamps and torches, from pen-size inspection lamps to multifunctional cordless saver lights and head lamps.

**Scania multifunction lamp EU**

Multifunctional, magnetic work and warning lamp with red and white work lights and several torch functions. Recharging: Transformer input AC 100 V or AC 240 V. Output: DC 12 V, 500 mA, 12 V socket (cigarette lighter). Supplied with Euro plug.  
*Part no. 2009564*

**OSRAM LEDinspect Foldable**

Functional LED work light with a flexible design. Rechargeable using 220 V adapter and 12 V cigarette lighter, no batteries required. Easy-grip, dirt-resistant surface with magnetic holder and a hook. Central joint for flexible adjustment/locking.  
*Part no. 2419296*

**OSRAM LEDinspect Mini**

Mini LED work light in a compact and very handy design. Easy-grip, dirt-resistant surface with magnetic holder and a hook. Three AAA batteries included.  
*Part no. 2419297*

**OSRAM LEDinspect Pro Pocket 280**

Mobile phone-size LED inspection lamp, with built-in mini flash light. Dual-purpose lamp, with 280-lm main light and 70-lm mini flash light. Equipped with both clip/support and magnet. Rechargeable via a mini USB connector. IP20.  
*Part no. 2614275*

**OSRAM LED inspect Slimline 280 EU**

Cordless inspection lamp with magnet and hook for simple attachment. White, intensive light, up to 6,000 K. Bendable 180 degrees. Operating time 4 hours (main light), 8 hours (flash light). Battery status indication and charging protection.

EU plug. Part no. 2542562

UK plug. Part no. 2542563

**Osram Onyx LED reading lamp, black, with plug for cigarette lighter socket**

An alternative to Hella, that admits a pleasantly warm, glare-free light. 12–24 V.

Part no. 2419293

**OSRAM LEDinspect Pro Penlight 150 UVA.**

Pen-size LED UV-A inspection lamp, mainly used for leak detection. Equipped with both clip and magnet. Rechargeable via a mini USB connector. IP20.

Part no. 2614274

**OSRAM LEDinspect Pro Penlight 150**

Pen-size LED inspection lamp, equipped with both clip and magnet. Rechargeable via a mini USB connector. IP20.

Part no. 2614273

#### OSRAM LEDguardian Saver Light

LED flash light with safety features such as an emergency hammer, a seat belt knife and a flashing warning LED light built in the handle. 12 flashing amber LEDs in handle plus the regular LED flash light function with an output of 105 lm.  
Part no. 2419298

#### OSRAM LEDGuardian Road Flare

Mini Road flare for emergency use, with built-in mini flash light. 12 orange and 4 white LEDs. 3 functions: continuous or rotating orange warning light and a white mini flash light. Orange, grippy plastic cover with metal clip and magnet. 3 AAA batteries included.  
Part no. 2614277

#### OSRAM LEDinspect Headlamp 300

LED head lamp for various applications. Adjustable strap makes it possible to wear also with a helmet on. Adjustable angle and power, 60–300 lm. Built-in battery pack with red flashing rear warning light. On/off and flash mode controllable with a separate switch. IP64. 3 AA batteries included.  
Part no. 2614276

#### OSRAM LEDinspect Pro Bonnet 1400

LED bonnet luminaire with ultra-thin, robust design and built-in 5 m cable. Hands-free usage, thanks to rotatable hook and extendable telescopic holder (1.15–1.8 m). Aluminium housing. 15 W, 90–250 V. IP65.  
Part no. 2614252

FUEL-RELATED EQUIPMENT

# SEALED UP AND SAFE

Fuel is expensive and unfortunately, often a target for thieves. Protect your vehicle, enhance your safety, and secure your arrival by fitting an anti-siphon device and a robust, lockable filler cap.

## ANTI-SIPHONES

The robust Scania anti-siphon collars are made to prevent fuel siphoning from the top of the tank. Easy to fit directly to the 60 mm tank neck. Compatible with original Scania fuel caps. Flow tested to 120 litres/min.

**New design Anti-siphon kit – High**  
Kit, including Anti-siphone device  
part no. 2457921 and anti-spill valve  
part no. 2457924. Factory mount **FPC 6996**.  
Part no. 2457922

**New design Anti-siphon device – High**  
Anti-siphone device High, with built-in mesh for  
increased safety and a higher fluid flow rate.  
Part no. 2457921

**Chrome anti-spill valve**  
Anti-spill valve for Anti-siphons  
part no. 2457921 and 2457923.  
Part no. 2457924

**Kit, with anti-spill valve included**  
Kit, including Anti-siphone device  
part no. 2457923 and anti-spill valve  
part no. 2457924. Factory mount **FPC 6996**.  
Part no. 2457925

**New design Anti-siphon device – Low**  
Anti-siphone device Low, with built-in mesh for  
increased safety and a higher fluid flow rate.  
Part no. 207923

**Chrome anti-spill valve**  
Anti-spill valve for Anti-siphons  
part no. 1910366 and 2155387.  
Part no. 2079280

**TankBlank**  
“TankBlank” protects against access to fuel  
through the redundant tank sender unit for  
vehicles with double-tank arrangements.  
“TankBlank” replaces the standard Scania plate  
and has been designed to allow the circular  
collar to freely rotate.  
Part no. 2375265

**DrainBlank**  
“DrainBlank” protects against theft of fuel  
through the existing drain plug beneath the  
tank. It has been designed to fit over the  
existing fuel tank drain plug. The outer ring  
rotates freely and cannot be removed.  
Part no. 2375264

## SCANIA FILLER CAPS

**Scania filler cap kit: Lockable, adapted for FAME**  
Part no. 2276409

**Scania filler cap: Lockable, without chain**  
Part no. 2276408

**Scania filler cap: Non-lockable, without chain**  
Part no. 2061501

**Scania filler cap: SCR lockable**  
Part no. 2477313

**Scania filler cap: 1 x lockable, FAME and 1 x AdBlue**  
Part no. 2278301

**Scania filler cap: 1 x lockable, without chain and 1 x AdBlue**  
Part no. 2278300

**Scania filler cap kit: 2 x lockable, adapted for FAME**  
Part no. 2278299

**Scania filler cap kit: 2 x lockable, without chain**  
Part no. 2278298

**Scania filler cap kit: 2 x lockable, FAME and 1 x AdBlue**  
Part no. 2278303

**Scania filler cap kit: 2 x lockable, without chain and 1 x AdBlue**  
Part no. 2278302

**Scania filler cap kit: Lockable, AdBlue cap kit for 50- and 75-liter tanks**  
Kit includes lockable filler cap, adapter, gasket and screws.  
Part no. 2222615

WARNING AND EMERGENCY EQUIPMENT

# IN CASE OF EMERGENCY

Should there be a serious incident, either in your vehicle or in the near vicinity, easy access to emergency equipment is vital. Here you will find a wide variety of fire extinguishers of different designs and sizes, along with instruction labels in several languages. The product range also includes road warning equipment, first aid kit, smoke detector etc.

**Fire extinguisher, 2 kg powder ABC**  
Compact and suitable for the factory-mounted extinguisher bracket (optional on some markets). Type approval to DIN EN 3.  
*English printed text. Part no. 1425970*

**Fire extinguisher, 2 kg powder ABC**  
Compact and suitable for the factory-mounted extinguisher bracket (optional on some markets). Type approval to DIN EN 3.  
*French printed text. Part no. 2270526*

LED flash light with safety features such as an emergency hammer, a seat belt knife and a flashing warning LED light built in the handle. 12 flashing amber LEDs in handle plus the regular LED flash light function with an output of 105 lumens.  
*Part no. 2419298*

**Smoke detector**  
Specially developed vehicle fire smoke detector sounds the alarm when it senses fire smoke in the cab.  
*Part no. 1865071*

**Basic LED torch**  
Scania LED flashlight. CE approved. R20 Batteries are not included.  
*Part no. 2214000*

#### Foldable warning triangle

Warning triangles are mandatory to bring in many countries. It's also the best way to warn road traffic of a safety hazard. E20 approved. Delivered folded in a plastic cover.  
Part no. 2020496

#### Foldable road cone

Choose between fixed or flashing light. 2 AAA batteries included. Height 75 cm, weight 3.5 kg. Foldable, delivered in a bag.  
Part no. 1908283

#### OSRAM LEDGuardian Road Flare

Mini Road Flare for emergency use, with built in mini flash light. 12 Orange and 4 white LEDs. 3 functions: Continuous or rotating orange warning light + a white mini flash light. Orange, grippy plastic cover with metal clip and magnet. 3 AAA batteries included.  
Part no. 2614277

#### First aid kit

Includes first aid dressings, standard dressings, burn dressings, wound compress, disposable gloves, adhesive bandage, elastic bandages, emergency blanket and scissors. DIN 13164 approved.  
Part no. 2025246

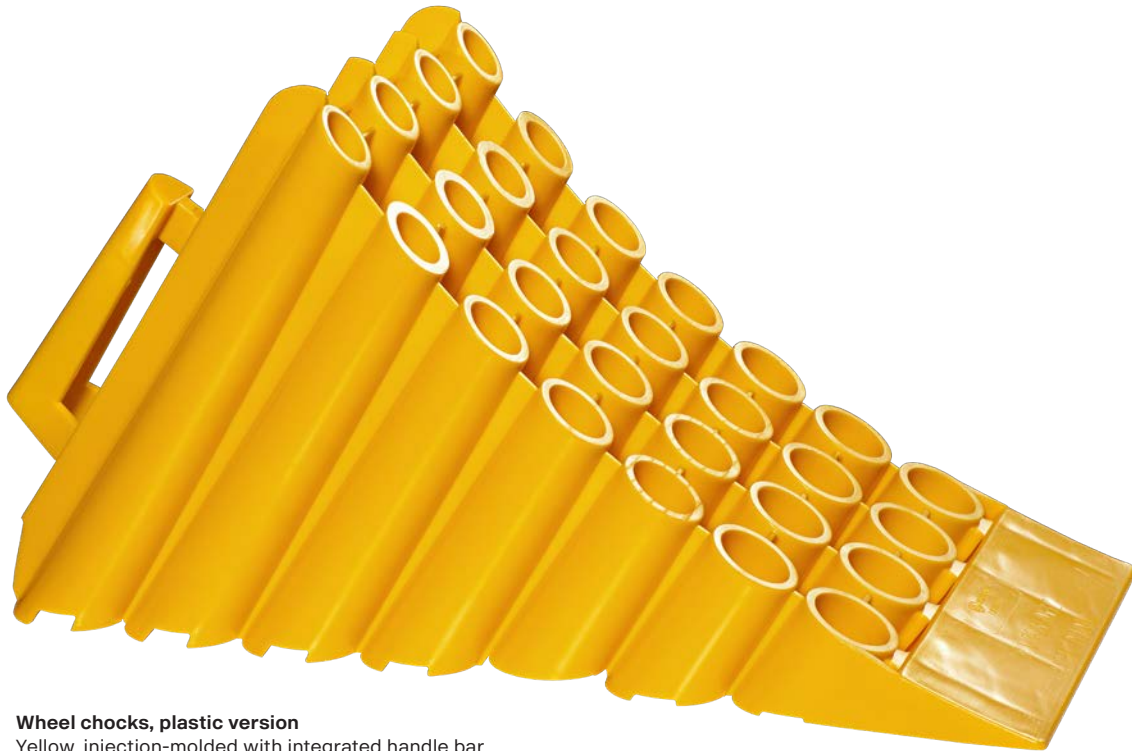

#### WHEEL EQUIPMENT

# STOP OR GO. IT'S YOUR CALL.

No matter what kind of weather you experience, your vehicle should keep rolling or standing still – always on your command. To help you stay in full control, make sure to carry sturdy wheel chocks and effective snow chains on board.

**Wheel chocks, plastic version**

Yellow, injection-molded with integrated handle bar.  
Part no. 2082638

**Snow chains Trygg**

Premium snow chains, in four different versions from TRYGG Nosted k tting. All chains conforms to Norwegian standard NS5960:2010 and exceed Austrian  NORM V 5119.

**Loose wheel nut indicator**

Indicates loosening of safety critical nuts and includes a wheel overheating function. Protects the nut from weathering, corrosion and general damage.  
Part no. 1877680

## SNOW CHAINS TRYGG

All chains delivered as a pair.

### Snow chains Easy Trac

Lightweight, low cost chains for general purpose applications where spikes are not allowed. Chain dimension: 5.5 mm without wear bar.

Wheel dimension	Part no
365/80R-19,5	2737643
